

## **Fire Extinguisher Safety: Online Course Outline**

### **Overview:**

This course covers fire, and when and how to use fire extinguishers. Details include the elements of fire (the "fire triangle") and its stages to better understand fire prevention. Should a fire occur, this course describes the types of fire, which should determines the type of fire extinguisher to select and use. After taking this course, you should have a good idea of how to operate an extinguisher, and your company's policy on what to do before, during and after a fire emergency.

### **Who should take this course?**

Employees selected by employer as a "designated person" to take action in the event of a workplace fire.

### **Learning Outcomes:**

After taking this course, the student will:

- Be familiar with the general principles of fire extinguisher use
- Understand hazards involved in fighting incipient-stage fires
- Understand company policy regarding fire extinguishers
