

Bathroom Remodel Checklist

Ready for a change? Nasoni is here to help!
 Don't make the jump until you've fully considered every aspect of what a bathroom remodel really means.

WHAT ARE YOUR GOALS FOR THE REMODEL?

Assess what you truly value for your remodel to help set your priorities:

- Do you want better functionality out of your bathroom?
- Will you be selling your home soon? If so, you'll want to make more neutral changes that will be more acceptable to a larger part of the home buying market.
- Do you want to incorporate water conservation techniques to help benefit the planet?

ARE YOU PREPARED?

- Have you applied for the necessary permit(s)?
- Have you taken before photos? (Don't forget "After" photos too!)
- If you're using a contractor(s) for help, have you found one, and are you on their schedule?
- Read industry publications and websites to be knowledgeable on the latest bathroom remodeling trends and options.
- Give yourself some financial flexibility by having some budget reserved for unknowns (10-15% of your overall remodel budget).

HOW MUCH? SET YOUR BUDGET

Define your personal skill set – what will you do yourself, and what is better left to the pros? If pros, enter a budget amount you expect to pay them.
