What will life be like 100 years from now? We can't accurately say. But we can imagine! Let's celebrate a utopia of hoverboards, robot friends, and inter-dimensional pants. Join us through the DeLorean's proverbial trail of flames, bend the space-time continuum, and arrive at the top of Whistler Mountain in the year 2120. There, we will revel together in some of humanity's most delightful constants: singing, dancing, food and drink!
