DOONEY & DAUGHTERS

The classic French look

- Painted in Crystal chalk paint using a round synthetic brush. Add 5% water and paint in large crosses to create subtle texture.
- Add 7-10% water to paint for second coat to achieve full coverage.
- Make a coloured wax using Stonebreaker chalk paint and Clear wax, using a 1:1 ratio. Brush wax on with a natural bristle brush and wipe off excess with a rag.
- To create highlights, pull back Stonebreaker wax using fine steel wool or clear wax.
