TOTAL Solution

The background of the entire page is a photograph of a modern office environment. It features several white cubicles with green privacy screens. The cubicles are arranged in a grid-like fashion, and the lighting is bright and even, suggesting a clean, professional workspace.

CHAN YEI KEI

Graduated from the University of Hong Kong, Kei Chan majored in International Business and Global Management.

She started EKOBOR after having suffered severe backpain during her pregnancy with twins. She realized the important correlation between good working posture and health. She then decided to pursue further studies in Ergonomics and has obtained the Certificate of Occupational Ergonomic training under the Colorado State University

Kei's mission is to bring health and wellness into the workspace through EKOBOR.
