A Hotelier's Guide to quality  
Guest Room Supplies & Equipment.

Explore an abundance of innovative, long-lasting and environmentally sustainable touch-points that bring your property's guest experience to life.

Who we are

## The World of Swisstrade

Welcome to the world of Swisstrade, where our guest experience professionals and distribution partners bring hospitality expertise and real hotel brands together.

Since 1997, we pursue a vision of providing hoteliers with access to international standards in hotel toiletries and operating equipment for the guest room.

As a proud Australian company, we pioneered environmentally sustainable amenities dispenser systems during the 2000 Sydney 'Green Olympics' and have since perfected our low-waste, eco-conscious solutions even further. Combined with our hotel-specific guest room equipment and appliances, our collections of class-leading toiletries meet the budgets and expectations of our accommodation providers locally and nationwide.

Together, we can deliver sustainable value on investment for owners, operators and their guests alike.

**That's our hospitality, that's Swisstrade...**  
**At your advantage.**

# SHAPE

THE SUSTAINABLE HYGIENIC & AESTHETIC PUMP EVOLUTION.

Engineered for precise, effortless operation, a simple press of the finger dispenses the exact amount of formulation. A secure pump lock prevents germs from entering the cartridge, creating peace of mind for the hotelier and maximum hygiene for the guest.

ECOspa

## ECO Spa Collection

ECO Spa in 20ml biodegradable tubes is the ideal collection for short-stay accommodation or the budget-minded operator. With the addition of a Conditioning Shampoo, ECO Spa can be offered in a three-tube combination, reducing the range even further. Offered in the same relaxing fragrances as the larger SPA in 30ml, ECO Spa is equally as refreshing for body and mind. SPA's subtle and invigorating fragrances compliment the vibrant blue colour tones, which reflect the vivid blue of Australia's sky and oceans.

## Olive Oil Skincare

What started as a family project in an Australian home back in 2012, ended up as a leading skincare brand being exported worldwide. The health and beauty benefits of Extra Virgin Olive Oil have been known and applied since 5,000 BC. Its composition equally nourishes and enriches body and soul; improving flexibility and elasticity as well as regenerating and regulating the natural systems of skin and hair.

## Innovation in the service of well-being

The strength of JVD resides in our provision of accessories adorning hotel rooms around the world for more than 30 years. JVD accessories help to personalize hotel rooms, giving them the final touch to ensure guests' well-being. Accessories are what truly make a difference.

Safes • Minibars • Hair Dryers • Kettles • Iron Centre • Mirrors • Room Accessories • Hygiene

GLOBALLY CONNECTED AND LOCALLY FOCUSED, SWISSTRADE BRINGS A WHOLE NEW WORLD OF GUEST ROOM EXPERIENCES TO OUR REGION.

## JVD's Values and Talent

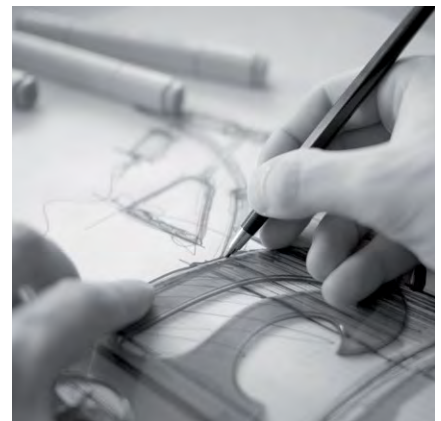

### Smart

Our products are designed to be used by anyone, from children to maintenance personnel to people with reduced mobility. Not only are they suited to their environments but they are also safe, practical and ergonomic.

### Service Orientation

Customer satisfaction is part of JVD's DNA. And so our teams work hard to guarantee impeccable quality, short turnaround times and flawless customer service.

### Research & Development

Managed internally by our R&D Centre, each of our products is designed in accordance with our ongoing strategy of pursuing innovative solutions. Elegance, design and ergonomics are the keys to a successful product.

# JVD's Commitment to Responsibility

Eco-responsibility has been one of JVD's pillars from the very beginning. The company's commitment on this subject only grows stronger every day and now concerns each of its different levels. JVD is dedicated to the idea of transmission and makes it a point of honour to play an active role in an ecological transition which looks out for everyone's well-being.

## Working & Preserving

We have always been convinced that the strategy of today should be to improve the future of tomorrow. All the teams at JVD strive actively to think of everything and to make a real difference. From design to manufacturing, transport to use and customer service to recycling, we know that each detail counts.

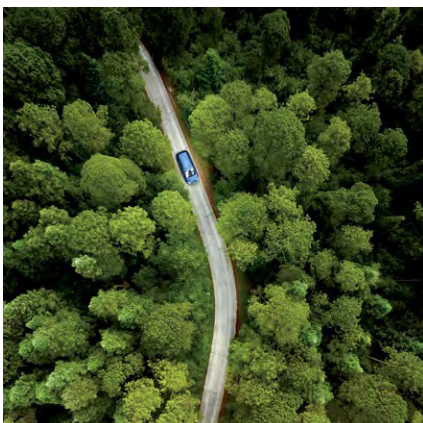

## Eco-Design

Kettles are designed to be smaller in size to reduce water wastage, minibars are made to run on advanced energy saving thermo-absorption system and produce zero greenhouse gas. Our amenity trays do not involve usage of wood for a greener environment.

## Raw Materials & Partners

Eco-responsibility also concerns our choice of raw materials and partners. Whenever possible, we prioritize partners located as close as possible to our production unit so as to reduce the environmental impact of our transport. For years, we have been striving to ensure that expertise endures and so encourage our suppliers' capacity for innovation. Out of concern for our social impact, we work with associations from the social and solidarity economy.

## Manufacturing

All our waste is sorted and collected before being sent to a treatment and recycling centre. For example, we reuse our suppliers' cardboard boxes for our shipments, and we grind used paper and then use it as wedges for our shipped products. What about the rest? It is recycled or reused by other companies in the region!

## Combating Planned Obsolescence

At JVD, our products are designed and tested to be repairable and to repair them. Our appliances' spare parts are available for 10 years. Quality products meant to work and be used for the long term.

## Logistics

Our packaging is designed with a twofold objective: to protect the integrity of the transported goods and to serve as an installation diagram. These simple, sensible optimizations further reduce our carbon footprint.

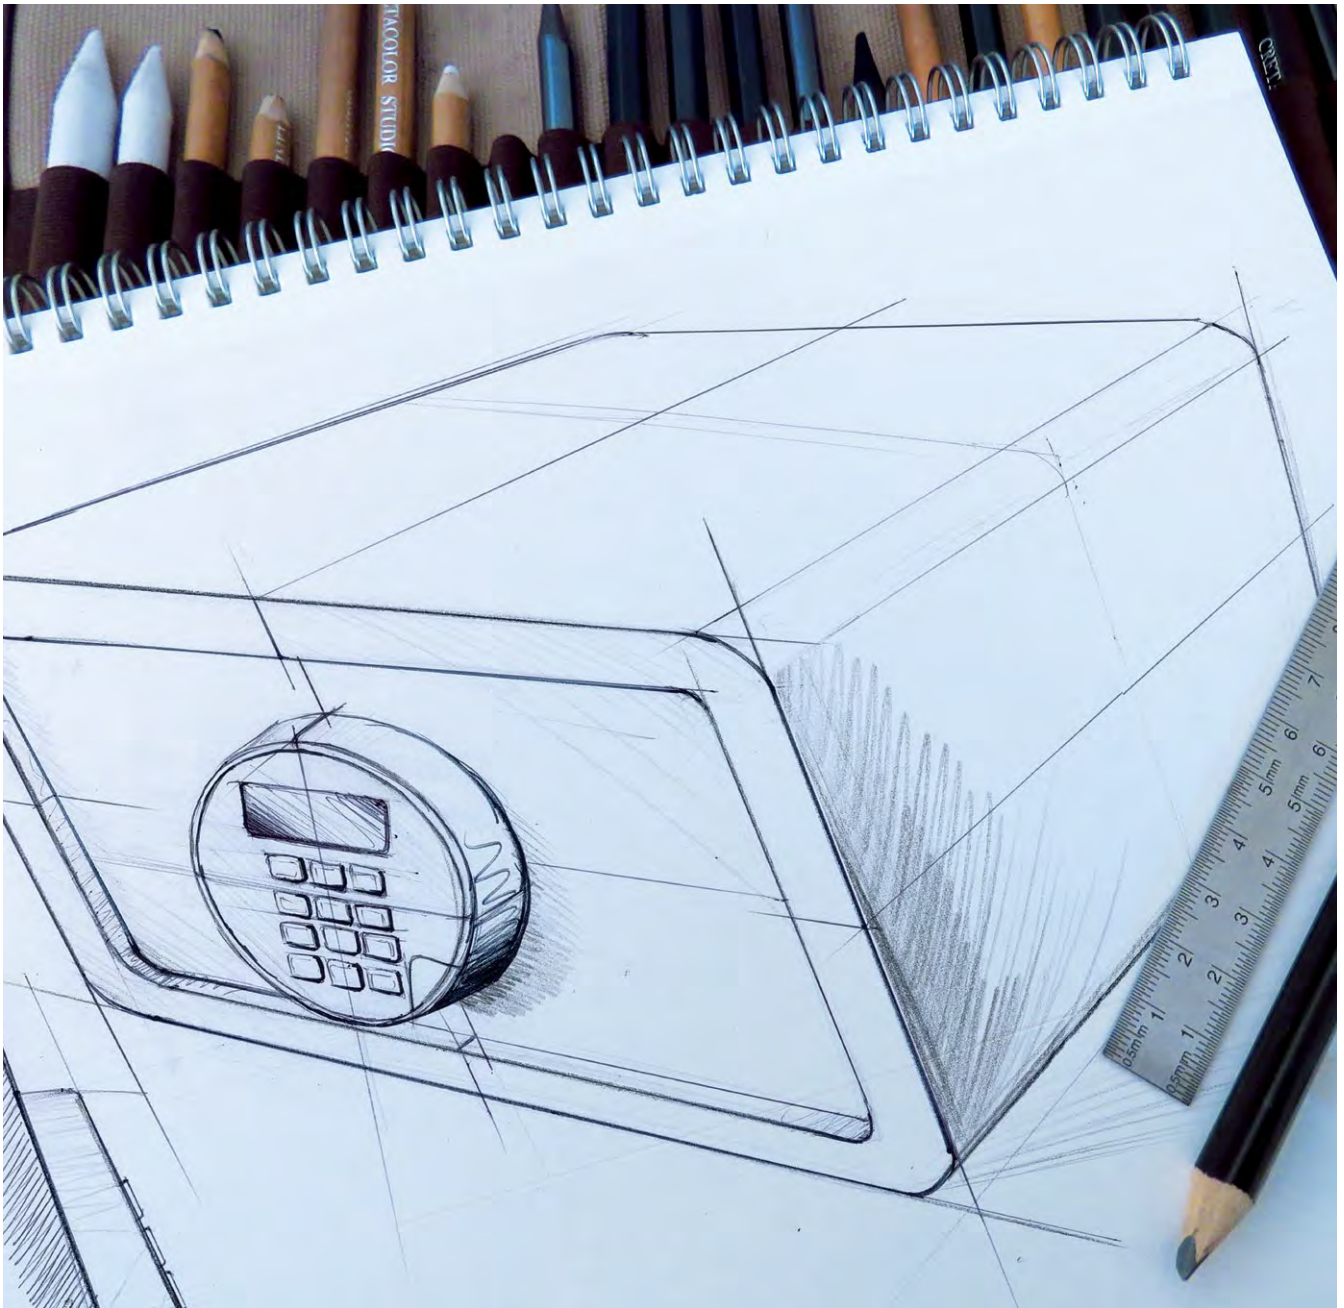

**Guest Room Equipment** | Safes

# SAFES

JVD safes are synonymous with peace of mind. Give your guests access to a robust, secure storage solution for their belongings and you can rest easy. JVD Room Safe solutions are simple and easy to manage and meet stringent hotel brand standards.

## SECURE

In-room security is serious business... You need a Serious Partner. JVD safes is a testimony of JVD continuous development in good technology and new techniques to enhance the pleasure and safety in in-room security.

## INTELLIGENT

JVD safes are powered by advance electronic system engineered to provide maximum security and convenience. They are equipped with anti-tamper labyrinth, security lock-out and audit trail features giving users peace of mind.

## LUXURIOUS

JVD safes offer impressive benefits and a better way to further extend your hospitality to your valued guests. It is a long term investment in quality. User-friendly functions, lighted keypad panel and internal light, etc make the JVD safes a luxurious amenity for guests.

MANAGEMENT AND  
UNLOCKING CONTROL

## Guest Room Equipment | Minibars

# MINIBARS

## THERMO-ABSORPTION

JVD minibars are completely silent during operation, offering maximum comfort to your staying guests. They are available in different capacities to suit your cabinet and come complete with LED interior lighting as well as quality lock. Purchasing a JVD silent minibar is a long-term investment in quality.

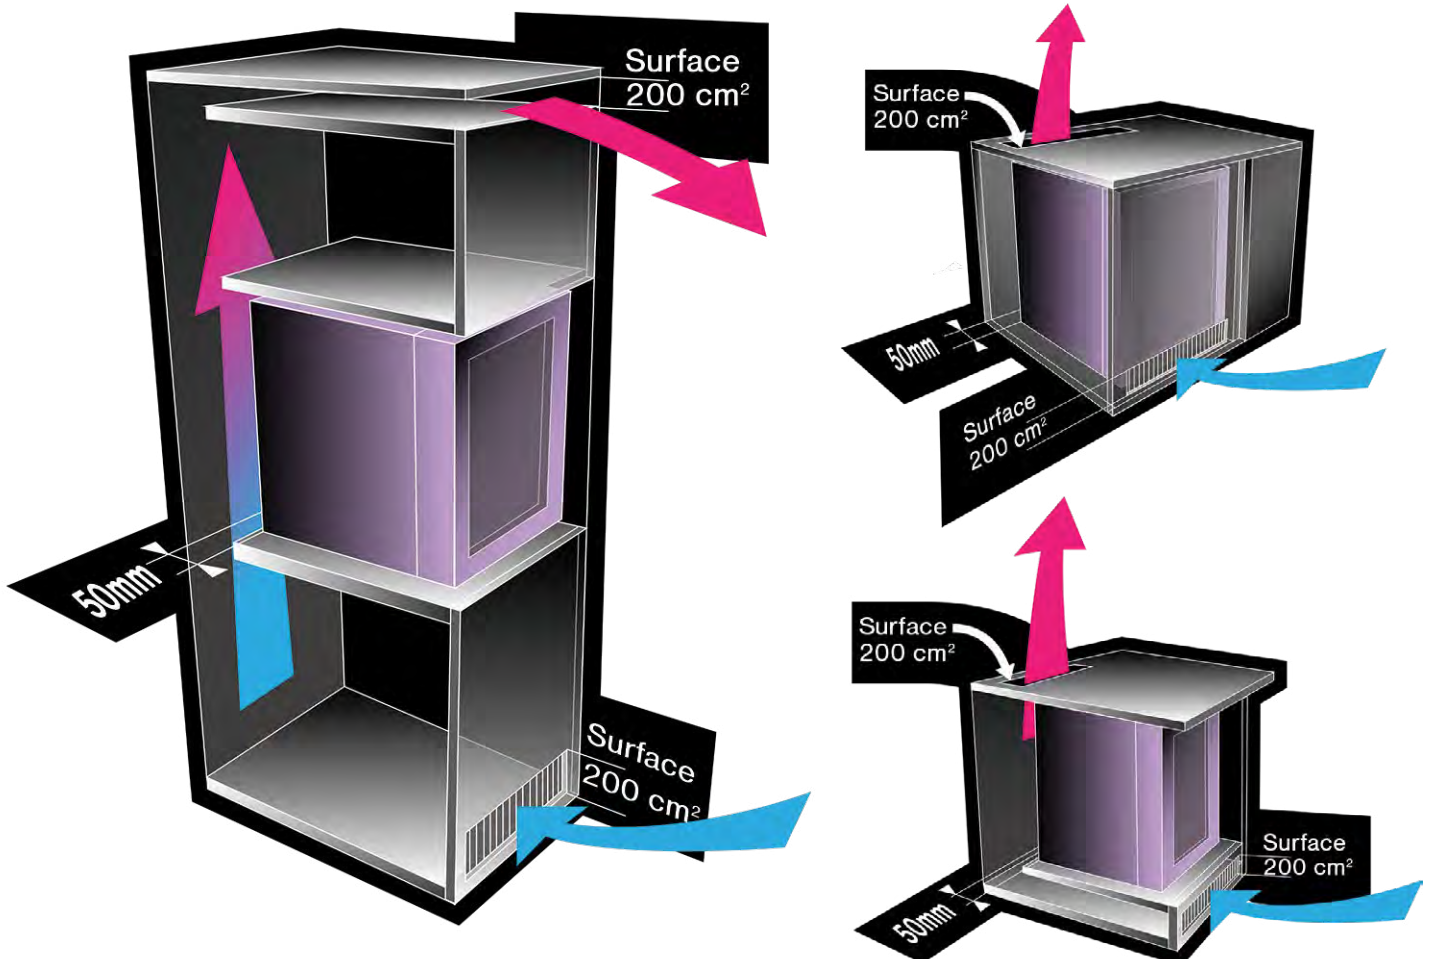

### FEATURES

1. **100%** Silent 24 hours a day
2. **100%** Ecological
3. **66%** Less Consumption
4. **100%** Reliable: no motor, no moving parts

### Ventilation Requirement

When integrating the minibar into your hotel room cabinet, it is crucial that the surrounding area of the minibar has unhindered airflow and good heat dissipation.

To get the best performance, the minibar needs at least 200cm<sup>2</sup> free air inlet. This space should be kept until the air outlet at the cabinet surface top. Rear of the minibar should be at least 50mm clear from the furniture wall.

## **Guest Room Equipment**

| Kettles & Coffee Machines

# KETTLES & COFFEE MACHINES

Elegance, design and ergonomics: the threefold expectations which inspire our products. Over a cup of hot chocolate, tea or coffee, each moment becomes a time of comfort, relaxation and well-being.

## KETTLES

Developed wholly in France by our Design Department in a combination of functionality, elegance and clever technology, our kettles accompany your guests' morning wake-up routines and moments of relaxation. Conceived specifically for hotels, they are also easy on your energy consumption

## COFFEE MACHINES

Our machines are designed to offer a simple solution which will make delicious espresso for your guests. No need for a dedicated space: thanks to their small size, they can fit anywhere.

## BREATHE COLORS

The Modus Vivendi Collection exemplifies harmony and diversity in guestroom living. The color range complement any designer's ideas and inspirations, making a stay away from home a colorful one.

## A word from the designer...

*In recent years, we have witnessed a profound change in hotel room design. We have shifted from often stereotypical settings to places for experiences. For guests, the time spent there should be atypical, personal and sometimes even surprising. Our products' design further contributes to this new trend. Arranged in increasingly varied environments, they add their own aesthetic touches whilst either fitting in seamlessly or boldly standing out. Naturally, in addition to their decorative aspects, each object must also offer services specific to a hotel room, in a way which is efficient, robust, safe and faithful to the hotel's philosophy. They should be simple, universal and ergonomic in their use. Our products are inspired by this twofold expectation of practicality and aesthetics.*

- Jean-Guy de Russé

# Pod&Parcel

Specialty Biodegradable  
Coffee Pods

Biodegradable Coffee Pods

# We're an Australian, family-owned brand who strive for high quality in everything we do.

That's why we source the best goods from top producers in Australia and around the world. Our coffees are expertly tried and tasted for quality, and curated to deliver an exceptional guest experience without impacting our world.

# We're serious about quality.

## Coffee Pod Product Specifications

- All our coffee is specialty-grade.
- The pod capsule and sleeve are biodegradable and compostable, breaking down within 90 days in a commercial composting facility.
- Compatible with Nespresso Original Coffee Machines.

## Certifications and Ratings

- Our specialty-grade coffee is equal to or above 80 points on a 100-point scale, in accordance with the Specialty Coffee Association of America (SCAA) guidelines.
- Our biodegradability and compostability claims are in accordance with the EN13432 standard.
- Our capsule packing production facility is food safe and HACCP Certified.
- Our coffee roasting facility is food safe and HACCP Certified.

## Bathroom Fixtures & Accessories

# MIRRORS

Our mirrors are the result of a special alchemy melding innovation, performance and design. They invite guests to enjoy a unique experience with complete simplicity. The range of battery-operated mirrors are developed by our Design Department, specifically for use in hotel bathrooms.

## NO ELECTRICAL CONNECTION REQUIRED

Our Cosmos mirrors run on a lithium battery and a 3 minute auto-off system ensuring longevity of 3 to 5 years.

Offering complete electrical safety, they can be installed in any area of the bathroom.

## TILTABLE TO ANY ANGLE

Thanks to their double or triple rotational axis, our mirrors offer your guests the best possible reflection.

## ECO-RESPONSIBLE

Our illuminated mirrors are fitted with LED lighting to maximize their lifespan without having to change the bulbs and to reduce their energy consumption.

# Hotel Project Services

Whether you are looking to renovate, update or build from scratch, our experienced project team can assist you in the planning of your project - large or small.

Operating Equipment, Fixtures and Fittings are now an integral part of the guest experience you offer, so best to plan in advance and let one of our experts assist you in the process.

Here is how we can help:

## Project Planning

Understanding our clients' expectations is key to success, hence we spend much time understanding your vision and objectives before we start.

## Costing

Together, we tailor a commercial framework to accommodate your budget. Generally speaking, we can offer a 'good, better, best' option in every category for you to choose from.

## Product Scheduling

We take the administrative hassle out of your day, so you can focus on what you are good at - planning the opening of your new hotel or motel in the near future.

## Guest Experience

In everything we do, we place your guest at the centre of all our actions and decisions, to deliver the best possible experience they could imagine.

## Industry Expertise

Based on over 20 years of experience, we have an abundance of experience to share, helping you prevent the pitfalls and maximising your dollar in the interest of your guest.

## Operator Reality

Like you, we are hoteliers and hosts at heart. Understanding the operational challenges you face, puts us in the best position to ensure these are dealt with at the outset.

## Design

With a keen eye for detail, we ensure your new operating equipment ties in beautifully with the overall design intent without compromise of functionality.

## The Edge

With an abundance of choice, we tailor your fit-out to give you a competitive edge in a crowded market.

## After Sales

Replacements are unavoidable in a busy environment, hence all our products and brands come with a piece-of-mind replacement warranty.

## Customer Service

During and after our collaboration, we ensure seamless dialogue and transparency and guarantee we will see you through to the date of delivery.

# Let's Talk

## 02 9979 1500

If you are planning a renovation or a new-build, we are here to help. Contact us today for an obligation-free discussion of your plans and requirements.
