

## Wall Receptacle Module, Model SR227

The SR227 Wall Receptacle Module is designed to control unrestricted loads up to 15 Amps. It has two outlets, the upper one is X10 controlled and the lower one is always on. The SR227 does not respond to All Lights On.

### Installation

- Turn the power off at the circuit breaker panel.
- Remove the wall plate and unscrew the old receptacle from its box.
- Disconnect the wiring to the old receptacle.
- Connect the black wire on the SR227 to Live (black wire), connect the white wire on the SR227 to Neutral (white wire), and connect the green wire on the SR227 to ground (or to a metal wall box) using the wire nuts provided. Refer to the diagram above.
- Refit the SR227 in the wall box and finish off with the trim plate provided. Turn the power back on at the circuit breaker panel.

### Setting up the SR227 Wall Receptacle Module

- Using a small screwdriver, set the black Unit Code dial to an unused code that can be controlled from your X10 Controller(s).
- Set the red House Code dial to the same letter as your X10 controller(s).
- Plug an appliance (or a lamp) into the **top** outlet.

### Testing the SR227 Wall Receptacle Module

Make sure the lamp/appliance's switch is on. Plug an X10 Controller into the **bottom** outlet. Press the On and Off buttons on the Controller that correspond to the Unit Code setting on the SR227. If the lamp/appliance turns on and off you can unplug the Controller and move it to its permanent location, if it doesn't work, try the Controller in different outlets. You can also cycle the load off then on (local control/sense) to turn the SR227 on.

### X10 Wireless Technology, Inc. 90 Day Limited Warranty

X10.com, a division of X10 Wireless Technology, Inc. (X10) warrants X10 products to be free from defective material and workmanship for a period of 90 days from the original date of purchase at retail. X10 agrees to repair or replace, at its sole discretion, a defective X10 product if returned to X10 within the warranty period and with proof of purchase.

If service is required under this warranty:

1. Visit [www.x10.com/support/return\\_policy.htm](http://www.x10.com/support/return_policy.htm), or e-mail [sales@x10.com](mailto:sales@x10.com) to obtain a Return Merchandise Authorization (RMA) number.
2. Return the defective unit postage prepaid to X10 (see address on back).
3. Enclose a check for \$4.00 to cover postage and handling.
4. Enclose a dated proof of purchase.
5. X10 is not responsible for shipping damage. Units to be returned should be packed carefully.

Please visit [www.x10.com/support](http://www.x10.com/support) for help.
