

# Kizik Kids Size Chart

## Instructions

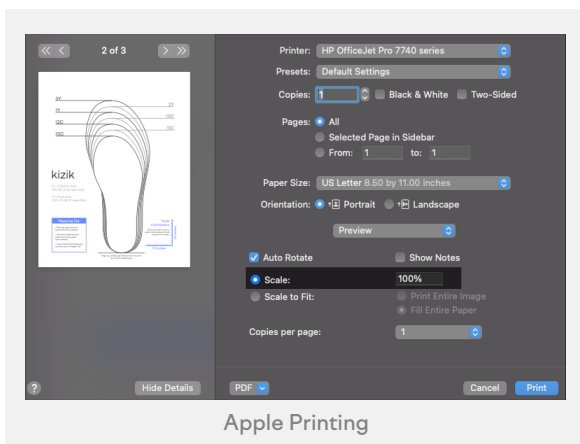

### Download

You'll need Adobe Reader or Adobe Acrobat on your computer to download the size chart. You can download a free version on Adobe Reader here: <http://adobe.com/products/reader.html>

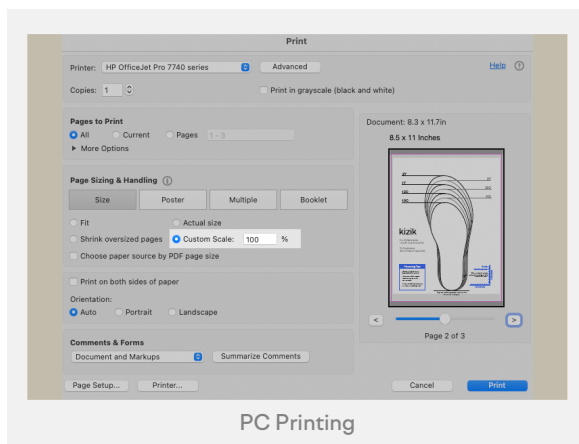

### Printing Tips

The size of the chart printout must be accurate to ensure accurate measuring. Make sure your printer is set to print at 100 percent. Here's how:

1. Download the size chart, then open it
2. Select **File > Print**
3. On a Apple, look for the page scaling drop-down menus and choice **"100%"**  
On a PC, look for the page sizing and choose **"Custom Scale 100%"**

Apple Printing

PC Printing

4. Once you've printed the chart, confirm the size is accurate by measuring the diagram marked **Scale Confirmation**

### Measuring Tips

- Measure your child's right foot with him/her standing on a hard, flat surface (not carpet) in the afternoon, as feet typically swell during the day.
- Have your child wear the same type of socks he or she would normally wear with the type of shoes you plan to buy.

### Measuring Instructions

1. Place the measurement chart on the floor.
2. With your child standing, align his/her heel with the horizontal black line near the bottom of the chart
3. Using a pencil, mark the spot to indicate where your child's longest toe ends.
4. If the mark is between two sizes, buy the larger size.

# kizik

C = Children sizes  
10C-3Y (4-8 Years Old)

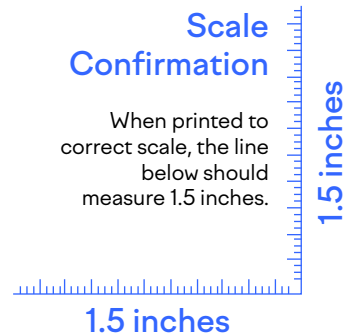

Y = Youth sizes  
3.5Y-7Y (8-12 Years Old)

## Measuring Tips

- Measure right foot on a hard surface (no carpet).
- Have your child wear the socks he or she would wear normally.
- If your child's foot is between two sizes, buy the larger size.

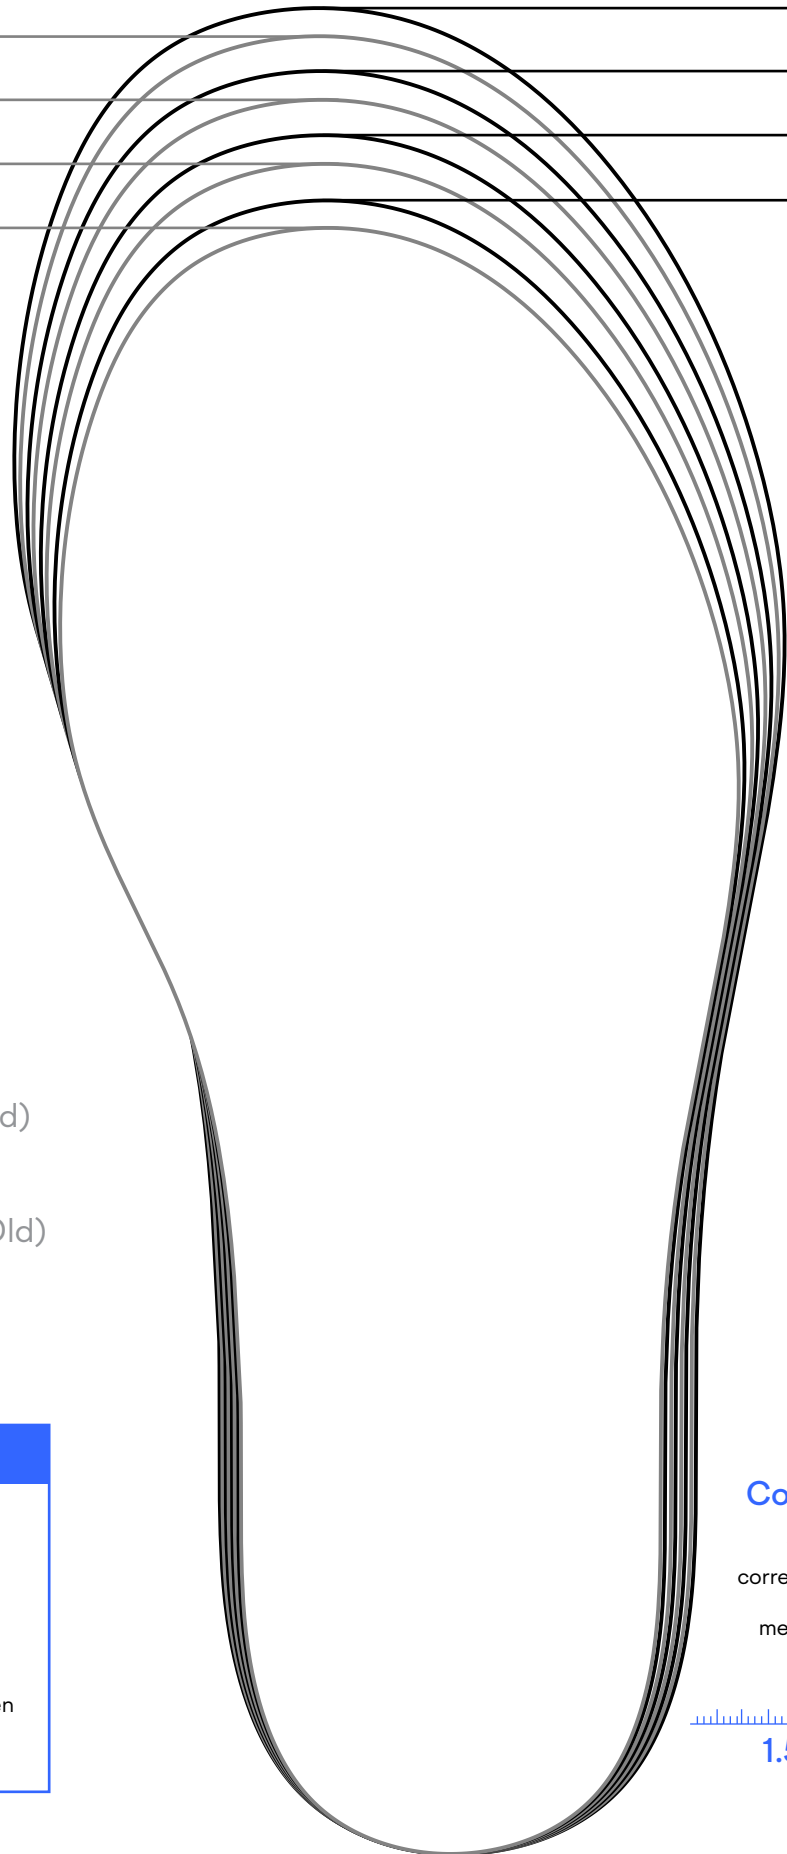

## Scale Confirmation

When printed to correct scale, the line below should measure 1.5 inches.

Align your child's right heel on this line while he or she is standing up.

6.5Y	7Y
5.5Y	6Y
4.5Y	5Y
3.5Y	4Y
