

GROWING TECH STARTUPS IN CHICAGO

MISSION: 1871 is here to prove that the entrepreneurs of Chicago are making a real impact on the world's technological landscape. We're home to 1500+ inventors, designers, creators, and do-ers who are building better, faster, cleaner solutions to everyday problems, and we're committed to supporting them as they innovate for the future. Our mission is to provide diverse, digitally-enabled startups with access to space and connectivity, education and training resources, early-stage and venture capital and customers.
