

# EPIC EXPERIENCE

## BEYOND CANCER

**MISSION:** EPIC EXPERIENCE is about finding a life beyond cancer. We offer free week-long outdoor camps, including white-water adventures, hiking, snowshoeing, and much more. Throughout the week, participants challenge themselves physically, find community with other survivors, talk through fears, and share laughs. Participants return home with insights to help them live and thrive beyond cancer. Anyone over 18 years old, who has ever been diagnosed with cancer, is eligible.
