

EMPOWERING OUR VOLUNTEERS TO CHANGE THE LIVES
OF PEOPLE IN POVERTY

MISSION: HEARTS IN MOTION provides opportunities for individuals to participate in short-term mission experiences to change the lives of people in poverty in the United States, Central America, and South America. Our mission is to provide them with quality medical care and assistance in the development of social programs to improve health, education and welfare. We work to compliment resources already in place while respecting the culture of those whose lives we touch. HEARTS IN MOTION is made up of compassionate volunteers who choose to make a difference by extending loving support to those they serve, whether it's in their own community or thousands of miles away in another country.
