

## INSPIRING WOMEN TO INSPIRE GIRLS

**MISSION:** We believe all girls should have the opportunity to fulfill their potential. Through our impactful after-school and mentorship programs, Step Up seeks to empower girls living or going to school in under-resourced communities to become confident, college-bound, career-focused, and ready to join the next generation of professional women. Our programs are open to all girls enrolled in one of our Step Up partner high schools across the United States. 98% of all Step Up seniors graduated high school in 2016 and were accepted into college!
