

# ACAIA LUNAR - WHITE

## LUNAR IN WHITE HAS ARRIVED

Now with the new hydrophobic ceramic coating and the same industry standard performance you have come to expect from the Acaia scales line-up.

The Acaia Lunar™ White is thoughtfully designed with a coating of hydrophobic ceramic, which protects the scale surface from excessive moisture, making it effortless to clean and easier to maintain in the espresso setup.

This reinforcement of the Lunar's weighing surface is more than aesthetics. The new coating material is selected to meet the needs of coffee professionals, allowing the scale to minimize liquid retain, because when pursuing the perfect cup of coffee, a scale must also work perfectly.

## FEATURES

### **ACCURATE & SENSITIVE**

With up to 0.1 g readability and an optional resolution of 0.01g, the Acaia Lunar is sensitive even to weight changes resulting from evaporation and temperature.

### **RECHARGEABLE USB POWER SUPPLY**

A greener alternative power source, the lithium ion battery lasts 20-30 hours.

### **DURABLE, WATER-RESISTANT AND HYDROPHOBIC COATING**

Protected against normal wear and tear in cafes and commercial settings. The hydrophobic ceramic coating on the surface makes cleaning easier.

### **FIRMWARE SUPPORTED**

The scale receives periodic firmware updates, which are available through our free Acaia Updater app.

### **BUILT-IN AUTO-MODES**

In various modes, the Lunar can automatically tare, start, and stop.

### **MOBILE APP COMPATIBLE**

Bluetooth-enabled to sync with our apps.

## MODES AT A GLANCE

### **WEIGHING ONLY MODE**

Your daily weighing function

### **AUTO-TARE MODE**

Automatically tares item weight for quicker measurements

### **DUAL DISPLAY MODE**

Timer and weight dual display

### **TIMER STARTS WITH FLOW MODE**

Timer starts when espresso flow is detected

### **AUTO-TARE AUTO-START TIMER MODE**

Timer begins when an item is placed on the scale

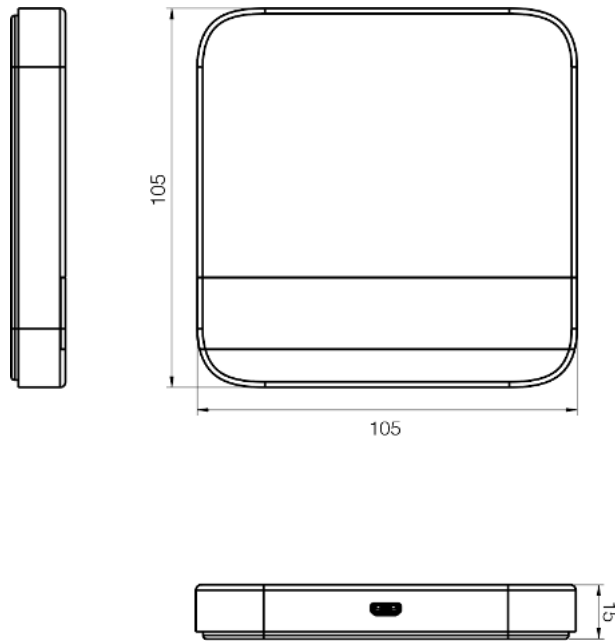

### **AUTO-TARE TIMER STARTS WITH FLOW MODE**

Automatically tares item weight, and timer begins when the first drop of espresso hit the cup.

## PRODUCT SPECIFICATIONS

<b>Model</b>	AL007
<b>Color</b>	White
<b>Product Weight</b>	265 g ± 5 g
<b>Product Dimensions</b>	W: 105 mm L: 105 mm H: 15 mm
<b>Maximum Capacity</b>	2000 g / 70.55 oz
<b>Minimum Weight</b>	0.1 g
<b>Measuring Units</b>	g / oz
<b>Readability</b>	0.1 g
<b>Repeatability</b>	0.1 g
<b>Display</b>	LED
<b>Material</b>	Ceramic Coating, Aluminum, Acrylic
<b>Power Supply</b>	5 V / 500 mA
<b>Connectivity</b>	Bluetooth 4.0
<b>Warranty</b>	2 Years

UNIT - mm

## PACKAGE INFORMATION

<b>Model</b>	AL007
<b>Color</b>	White
<b>Carton Dimensions (Single)</b>	W: 140 mm H: 150 mm D: 70 mm
<b>Carton Gross Weight (Single)</b>	0.62 kg
<b>Carton Dimensions (Master)</b>	W: 305 mm H: 300 mm D: 310 mm
<b>Carton Gross Weight (Master)</b>	13.13 kg
<b>Carton Quantity</b>	20 units in one box
<b>CBM</b>	0.028
<b>EAN Code</b>	0640117991053
<b>UPC Code</b>	640117991053
