

BRONTO JUMPSTART FOR SHOPIFY

Deploy Your Email Marketing Platform Faster

Looking for an email marketing solution to help drive engagement and revenue for your Shopify online store? Bronto Jumpstart for Shopify will deliver a comprehensive solution within 30 days. You'll be able to automate your email campaigns with easy to use drag-and-drop tools, and add strategic value by enabling engagement and revenue driving programs such as cart abandonment and sign-up campaigns.

Key Benefits

- Pre-built Shopify connector for Shopify Plus and Shopify that allows you to launch your email marketing program in 30 days.
- Recover lost revenue by identifying shoppers who abandon carts and deliver relevant, personalized messages that re-engage and convert.
- Add a pop-up to your site to grow your subscriber list.
- Launch a Welcome Email series to engage new subscribers.
- Product Catalog feed to create personalized messages.

Bronto JumpStart for Shopify leverages our years of experience and expertise to prescriptively guide you through the implementation of your email marketing setup. Quick to set up and easy to use, your email marketing program will be customized and launched within 30 days, increasing your time to value by allowing you to rapidly grow your subscription lists, engage shoppers, and drive revenue.
