Little Reader Sofa Spot Cleaning Instructions

DO NOT MACHINE WASH. • DO NOT REMOVE COVER.

Many customers think that the reason there is a zipper is so that the cover can be removed for washing, not so! The zipper is there to make it easy to insert the foam into the fabric cover, not to remove it. The zipper can be handy for access to the underside of the fabric, if cleaning agents are being applied to the surface.

Do not use a bleach solution.

Do not submerge or allow to lie in standing water.

Do not use harsh abrasives or detergents.

Blot Dry

When spills occur: using a gentle touch, carefully blot up any spills with a towel. Do not rub frantically, as this will drive the stain further into the weave of the fabric, making it difficult to remove. If the spilled substance is a thick product, i.e. mud, let it dry before prying off and brushing away any residue.

Spot Clean

Most stains can be spot-cleaned with just a touch of mild soap and water. Most spills will bead on the surface and can be absorbed with a paper towel before leaving a residual stain. If a stain does occur, it can be removed with a sponge soaked in some warm soapy water, then blotted with a dry towel.
