TAMMY FENDER HOLISTIC SKIN CARE CELESTIAL ROSE CREME

\$145

Holistic skin expert Tammy Fender debuted her newest face cream earlier this year to much acclaim, and we can attest that the luxe, creamy formula is packed with nourishing botanicals and oils to ward off winter dryness. Rose and hibiscus are the stars here for their protective antioxidant properties, along with rich kaduka plum, carrot seed oil, and orange blossom honey. Your skin will feel marshmallow soft in just one use.
