

# The Beauty Products Bridget Moynahan Can't Live Without

[Bridget Moynahan](#) can do no wrong. So when she tells us all about her skin care routine and what her favorite beauty products are, we listen (then buy them immediately!). And it seems she's all about natural skin care products.

Speaking to *New Beauty*, the *Blue Bloods* star, admitted, "I grew up washing my face with Ivory soap and never using anything fancy." She continued, "Now, I'm much more conscious of what I apply. There are so many great, more natural products now—things I would categorize as having less chemicals and really making an effort to be more natural. That's what I try to stick with these days." Her favorite natural skin care brand? Tammy Fender, of course. "It's my religion," she revealed. "Tammy Fender literally changed the glow of my face — I love her. I want to go be her or be her assistant. Her products are amazing."
