## The Best Face Moisturizers of 2020: 17 Formulas for Every Skin Type

### Best Moisturizer for Extremely Dry Skin

Got peeling, flaking dry skin that won't go away? Look for a healing balm. After proper exfoliation, slather on a restorative product that's formulated with botanical properties, like May Lindstrom's The Blue Cocoon and Tammy Fender's hydrating formula. Both provide instant relief upon contact, and transform into a creamy oil when massaged into skin.
