## OZZYJUICE®

OZZYJUICE is a powerful, aqueous based degreasing solution that is **pH-neutral, non-irritating, non-flammable, and non-toxic**. Armed with superior cleaning capability, the OZZYJUICE solutions will match or surpass the performance of a premium solvent without all the associated risks. All OZZYJUICE solutions are certified by both NSF and AQMD.

**Ozzy Juice** (Heavy Duty Degreaser Solution)  
 Code 14148  
 SW-4 Heavy Duty Solution (19 l)

## THE OZZYMAT

The OZZYMAT traps particulate down to 50 microns in size but more importantly contains OZZYS (microbes). The OZZY microbes, impregnated in the OZZYMAT, are transported along with the OZZYJUICE into the SmartWasher® tank. These naturally occurring OZZY microbes eat the grease, oil, and other contaminants cleaned off the dirty parts and create the harmless by-products of carbon dioxide and water.

**Ozzy mat** (Filter)  
 Code 14124  
 FL-4 Multi-layer filter (4 x filters)  
 Depending on usage, a pack lasts between 4 - 6 months)

## OZZY® MICROBES

The OZZY Microbes do their job eating the grease, oil and other contaminants, cleaning off the dirty parts, creating the harmless by-products of carbon dioxide and water, leaving the OZZYJUICE clean and strong and ready to use.

## OzzyBooster

Code 14131  
 A microbial enhancer that can be used to enhance or "boost" microbial activity in the SmartWasher® system – it increases the density of the Ozzy (microbes) within the OzzyJuice.
