

ARGO 195

Output	Part Number	Range	Engine	Dimensions	Weight
Rated DC Amps 20 - 195 @ 27V 30% Duty Cycle	CF-99440	20 - 195 DC Amps	14 HP @ 3600 RPM	H: 24" (605mm) W: 20" (510mm) L: 27.5" (700mm)	Net: 220bs (100kg)

The **Crossfire Argo 195** assures reliable power where and when you need it. The Argo 195's small footprint and compact design requires only minimal truck bed or floor space. The Argo 195 is powered by the rugged, field proven Kohler engine noted for its easy starts and long life dependability. DC weld output is virtually ripple free, resulting in a super smooth weld transfer and outstanding final bead appearance. Enjoy superior weld performance plus enough on board auxiliary power to operate lights, power hand tools, grinders, etc. Choose the Crossfire Argo 195 for your next welder/generator and gain the edge you need to get the job done.

FEATURES:

- 6500 watts Peak
- 6000 watts Continuous
