JUST A GLIMPSE

Am         G/B         C         C/E         G
Breath of God, will You breathe on me like a hurricane
Am         G/B         C         C/E         G
Fill the sails of my heart once more like a rushing wind
Am         G/B         C         C/E         G
Flame of God, will You spark something in my soul again
Am
If we are embers then surely You are the oxygen
C
You're my oxygen

F         C         G
Just a glimpse of You sets my soul on fire forever
F         C         G
Just a taste of You and my world's alive with wonder
F         Am         C         G
Just one touch from You fills my heart beyond all measure
F         G         Am         G/B         C         C/E         G
Open my eyes, invade my life, my Lord

VERSE:
Light of God, will You shine through me in my brokenness
Raise a torch, burn a path for me through the wilderness
Voice of God, will You call me into Your radiance
Cos we are sinners but surely You are the saving grace
You're my saving grace

CHORUS

C         Am
I can't do this without You, You're my fire, You're my fire
G         F
I can't do this without You, Lord
C         Am
I am reaching out for You, My desire, my desire
G         F
I am reaching out for You, Lord
