## DISCUSS TOGETHER

Did you know that God was full of fun? He made rainbows, grass, pandas, stars, apples, snow, flowers, puppies, beaches, waves, the sun, trees..... I could go on forever.

What do you like to do for fun?

Why is that fun for you? *Because it brings you joy!*

Sometimes we feel like following Jesus is all about rules and the things we're not allowed to do. But did you know that Jesus came to earth to bring us life and not just any life, but life to the full. That means a life full of fun and freedom and joy. When your parents see you playing and having fun it brings them so much delight. God feels that so much more when He sees you full of joy and living your best life.

So lets go and have some fun remembering that the air we breathe is from Him and the wind in our face was created by Him and the joy in our hearts is made possible through Him.

### PRAYER:

**Jesus, Thank you that you came to bring us life and joy. Help me remember that you are fun and to share that with all my friends.**
