- Click power button to cycle through rotation & vibration modes

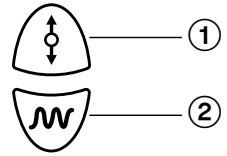

ROTATION & VIBRATION MODES

■ Rotation Motor

Control Motor 1 multi rotation modes

■ Vibration Motor

Control Motor 2 multi vibration modes

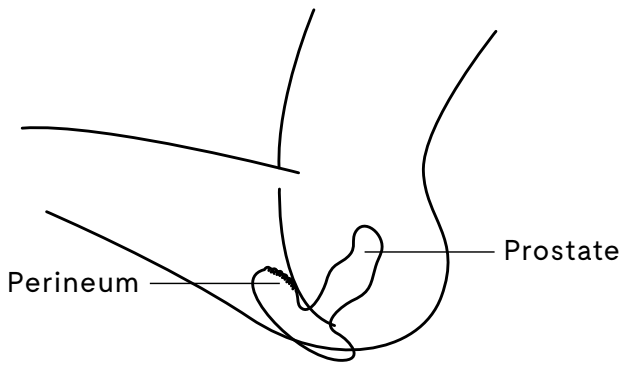

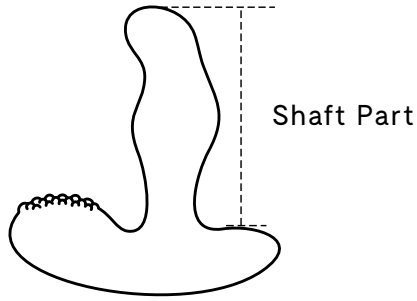

USE INSTRUCTIONS

Many people enjoy using THOR while lying on their back with knees up, or on their side in fetal position.

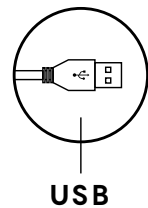

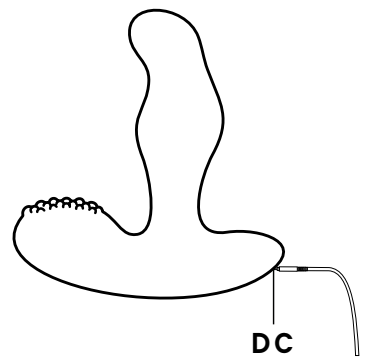

Carefully insert the primary head, ensuring that THOR curves up towards your stomach. The secondary head should be located below your scrotum.

Never force insertion and always stop immediately if you feel pain.

CHARGING INSTRUCTIONS

- Insert charging cable into DC charging port found on THOR's backside
- Plug USB cable into any 5.0V USB power adapter or computer input
- LED light will flash while charging and stop when complete

CLEANING, STORAGE & SAFETY

Always clean your GIDDI product before and after each use. Water-based lubricants are the best option for GIDDI products. Never use oils or creams as lubricants for intimate areas.

To clean, wash with warm water and a respected anti-bacterial soap, rinse with clean water and pat dry with a lint-free cloth or towel. Never use cleansers containing alcohol, petrol or acetone.

Store in the washable microfiber pouch provided. Avoid leaving your GIDDI product in direct sunlight and never expose it to extreme heat. Do not use on swollen or damaged skin. Keep out of the reach of children.

If your GIDDI product appears to function abnormally, turn it off immediately. If abnormal function continues, contact us at hello@mygiddi.com
