Monica Freeborn

lead designer + owner

We love partnering with clients to design spaces that are organic, personalized, and timeless.

We design peaceful and happy spaces by incorporating furnishings with a soul — raw materials like solid wood, linens & cottons, and real stone crafted by artisans all over the world.

We believe that reconciling with nature is the surest way to fill a home with peace and set the background for wonderful memories with family & friends.

Amethyst Home is your midwest interior designer + boutique.

We source raw materials & artist driven pieces to bring more peace into the home.

From new construction to remodels, full furnishings to personal rug shopping — our interior design services are tailored to your project needs. We partner on local and out-of-state projects.

Book your complimentary consultation today!
