

HOW DO YOU JETBOIL?

ISOBUTANE GAS CANISTERS

FAST BOIL - UNREGULATED

Simple and reliable, unregulated systems harness every ounce of Jetboil's FluxRing Technology, providing maximum efficiency and rapid boiling for 3-season performance. Best for quickly boiling water for dehydrated meals, coffee, and tea in Spring, Summer and Fall.

PRECISION COOK – REGULATED

Four full rotations of adjustable flame control from light simmer to full boil offer unmatched cooking versatility and expanded 4-season performance. Pot Support included with MicroMo, MiniMo & Sumo for additional cooking configurations.
