Unity makes a timeless statement with its modern design and nostalgic look. 10-Function Rechargeable Bullet is coated with silky soft Silicone that is 100% body safe. Long, slender design for easy handling. End position control button allows for easy speed change. Our Unity can also be used for bath time highs with its 100% submersible design.

All our rechargeable products include our 1-Year Replacement Warranty. USB Charger Cable included.

CHARGING INFORMATION:

WARNING! DO NOT REMOVE THE SILICONE POWER BUTTON

WARNING! DO NOT PULL BACK THE SILICONE TO REVEAL THE CHARGING PORT

- Charging the product to a full charge is recommended before use.
- To charge this product, insert the charging cable into the silicone charging port. The charging port is located on the bottom tip of the toy, on the power button. Puncture the toy/ silicone charging port with the charging cable, and the cable will fit snug into place. It is ok if you feel some resistance when trying to puncture the silicone charging port.
- When your toy is fully charged, the power button lights will become solid. If the lights are flashing, this means the product is not fully charged.
- Only use USB cable that is included with the product.
- For best results, do not charge for extended periods of time. Recommended max charging time is 3 hours.

MATERIALS: Medical Grade Silicone (Bullet), ABS PLASTIC (button)
