# About Charging

※ If moisture is present on the magnetic contact charging terminals, ensure they are completely dry before charging.

## Charging Method

- ① Connect the included USB charging cable to the headphone's magnetic contact charging terminals.
  - ② Connect the USB Type-A end to a computer or charger (output: 5V / 1A).
- ※ When connecting the cable, route it through the underside of the headband.

## Checking Charging Status

- Charging in progress: Indicator light glows red.
  - Fully charged: Indicator light glows blue.
- ※ Full charge time: Approximately 1–1.5 hours.
- ※ This product includes an overcharge protection feature, ensuring safety even during prolonged charging.

# Bluetooth Pairing

- ① Turn on Bluetooth on your phone.
- ② Press and hold the "Multifunction Button (MFB)" for 2 seconds to power on the headphones. If the indicator light alternately flashes red and blue, the headphones are in pairing mode.
- ③ Select "W25" from the device list. Pairing is complete when the "Connected" confirmation tone plays.

< Settings

## Bluetooth

Connect to accessories for activities like music playback, calls, and gaming.

## About Receive Mode

The receive mode of this product is available only when paired with the T6 transmitter.

• Principle of operation:

- ① After the T6 transmitter connects to a smartphone or other device via Bluetooth, the voice is transmitted to the earpiece.
  - ② While the PPT button is pressed on the transmitter side, the voice is transmitted to the earphone in real time.
- Maximum transmission distance: 150 m (in an environment free of obstacles)

### How to use

- ① Connect the T6 transmitter to the Bluetooth device.
- ② Press the MFB button on the earphone twice → Switch to receive mode.
- ③ Set T6 transmitter and earphone to the same channel.

※ For detailed operation of the T6 transmitter, please refer to the included instruction manual.

## Important Notes

- Avoid strong impacts or drops, as they may cause damage.
- Do not use chemicals or detergents during cleaning.
- Keep away from high-temperature environments.
- If unused for extended periods, charge the device at least once a month to prevent battery degradation and extend product lifespan.

# After-Sales Service

## Contact Us

※ If you have any questions, please feel free to reach out.

- ① From your order history, select "Order-related issues" for the relevant order.
- ② Choose an option from the list that closely matches your problem.
- ③ Select "Contact Seller".
- ④ Select the reason and enter details in the text box.
- ⑤ Click "Send".

## Warranty Period

The warranty period of this product is 1 year from the date of purchase. Please understand that the warranty does not apply in the case of damage or poor function caused by misuse such as falling, or in the case of alteration or repair by informal repairers.
