# **Underbar Refrigeration:**

Solid Slide Lid Stainless Steel Glass and Plate Chiller/Froster

# T-50-GC-S

- True's glass and plate chiller/frosters are designed with enduring quality and value. Our commitment to using the highest quality materials and oversized refrigeration assures colder product temperatures and years of trouble free service.
- Large storage capacity to meet the supply and demand requirements during peak hours.
- Oversized, factory balanced, refrigeration system holds 0°F (-17.7°C) and below.
- Forced-air cooling, positively guided airflow provide efficient balanced temperatures throughout the cabinet. This unique design ensures fast frosting of dry glasses and plates.
- Exterior all stainless steel countertop, lids, front and sides. Matching aluminum back.
- Interior long lasting, heavy duty galvanized steel.

Solid Slide Lid Stainless Steel Glass and Plate Chiller/Froster

# STANDARD FEATURES

#### **DESIGN**

 True's glass and plate chiller/frosters are designed with enduring quality and value. Our commitment to using the highest quality materials and oversized refrigeration assures colder product temperatures and years of trouble free service.

#### REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly (CFC free) 134A refrigerant.
- Extra large evaporator coil balanced with higher horsepower compressor and large condenser; maintains cabinet temperatures of 0°F (-17.7°C) and below.
- Sealed, cast iron, self-lubricating evaporator fan motor and larger fan blades give True chiller/frosters a more efficient low velocity, high volume airflow design. This unique design ensures fast frosting of dry glasses and plates.
- Automatic defrost system timeinitiated, time-terminated.
- Condensing unit accessed from behind front grill, slides out for easy maintenance.

 Forced-air cooling, positively guided airflow provide efficient balanced temperatures throughout the cabinet.

#### **CABINET CONSTRUCTION**

- Exterior all stainless steel countertop, lids, cabinet front and sides, matching aluminum back.
- Interior long lasting, heavy duty galvanized steel.
- Insulation entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Welded, heavy duty steel frame rail, black powder coated for corrosion protection.

#### **SHELVING**

• Five (5) adjustable, heavy duty PVC coated wire shelves 15 ½ "L x 19 ½ "D (385 mm x 491 mm). Split shelf design allows for effective rotation of chilled smallware, working with already chilled plates and glasses on one side while chilling dry product on the other side.

#### **MODEL FEATURES**

- Evaporator is epoxy coated to eliminate the potential of corrosion.
- Listed under NSF/ANSI Standard 7 for the storage and/or display of packaged or bottled product.

#### **ELECTRICAL**

 Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

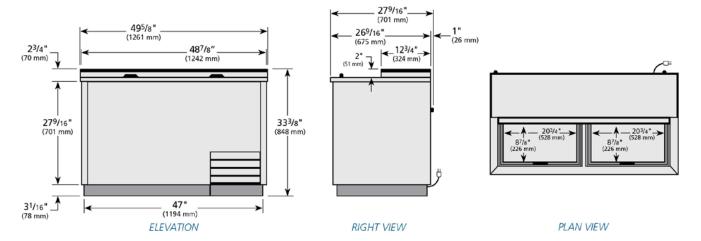

### **OPTIONAL FEATURES**/

**ACCESSORIES** Upcharge and lead times may apply.

- □6" (153 mm) standard legs.
- □6" (153 mm) seismic/flanged legs.
- □2½" (64 mm) diameter castors.
- □3" (77 mm) diameter castors.
- ☐ Ratchet locks and handles. Requires one per lid.

### PLAN VIEW

#### WARRANTY\*

Three year warranty on all parts and labor and an additional 2 year warranty on compressor. (U.S.A. only)

\*RESIDENTIAL APPLICATIONS: True assumes no liability for parts or labor coverage for component failure, factory defect or any other damages for units installed in non-commercial foodservice or residential applications
