

Stainless steel wash/rinse chamber.

Independent spray arms blast water from the top and bottom for optimum cleaning, sanitizing and rinsing.

FEATURES:

- Cleans and sanitizes up to 1000 2-1/2" glasses per hour.
- Hands-free glass activated on/off stop is safe and convenient.
- Independent upper and lower wash and rinse arms ensure superior results.
- 208-230V (GL-C) with built-in 3kW electric tank heater maintains the recirculated wash water to the recommended 140°F wash temperature.
- Compatible with both lodine and Chlorine Sanitizers.
- Simple controls for operation and cleaning.
- All stainless steel construction assures trouble free service and a long life.
- Optional rinse temperature allows flexible sanitizing options.
- Poly Pro[™] circular conveyor is extremely durable and reduces chipping and breakage of glassware.
- Double wall construction for quiet back bar operation.
- Internal chemical storage.
- Built-in chemical pumps with primer switches.

WARNINGS:

- Plumbing connections must be made by a qualified service company who will comply with all available Federal, State, and Local Health, Plumbing and Safety codes.
- CMA recommends utilizing a water softening system to maintain water hardness measurements of 3.5 gpg (grains per gallon) or less. This will assure maximum results and optimum operation of the dishmachine.

Summary Specifications: Model GL-C (208/230)

The GL-C glasswasher is designed to produce sparkling clean glassware utilizing separate detergent, sanitizer and rinse aid chemical pumps. Standard features include upper and lower wash/rinse arms, wash tank heater, Poly Pro™ conveyor, splash curtains, double-walled construction, and storage space for three 1-gallon containers. The GL-C is constructed for extended life out of stainless steel.

Advisory: CMA does NOT endorse "Tankless On-Demand" water heaters for use on CMA Dishmachine products. CMA DOES endorse, and highly recommends, the standard "tank" style water heaters, sized properly to handle each particular facility with their water heating requirements.
