

Long Filter Life

Low Operating Costs

Low Maintenance

Clean Air

Overview

The Sidekick II Portable Fume Extractor is a mobile unit designed to capture and clean light to medium duty welding fumes. It may also be used to collect non-flammable sanding or grinding dust. Featuring two 0.75 kW (1.0 HP) motors that can be controlled independently, each motor is fitted with its own filter cartridge to maximize service life and optimize air flow.

Ideal for use with large sized machine tools and central systems.

Features

- Designed for light-medium duty welding
- Attaches quickly to GMAW fume extraction guns
- Exceptionally portable design
- Dual nanofiber MERV 15 filter cartridges
- Magnetic nozzle base for secure nozzle placement
- Service indicator for easy maintenance

Applications

- Welding
- Grinding
- Soldering
- Sanding
