Use a positive pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air purifying respirators may not provide adequate protection.

Eye Protection:

Wear safety glasses with side shields or goggles when using this product.

Protective Gloves:

Impervious gloves should be used.

Other Protective Clothing:

Standard industrial clothing standards should be followed.

Engineering Controls (Ventilation etc.):

Local exhaust ventilation may be necessary to control any air contaminants to within their TLVs during the use of this product. Use explosion-proof ventilation equipment.
