Complete Features List

Elegant Applications

Typically used in museums, movie theaters, night clubs, restaurants, casinos and red carpet events.

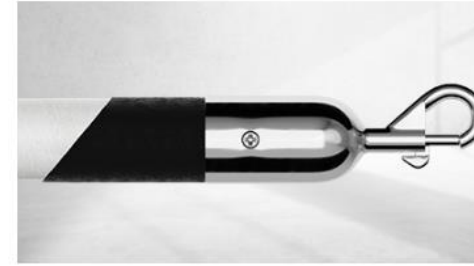

Universal Rope Receiver Ring

Universal rope connection ring accepts ropes from virtually any direction.

Compatible with most major brands

Compatible with our CLine classic stanchions and most major brands

Velour Covered Foam Core

Classic velour fabric is wrapped around foam core for extra durability and to create the classic rope swag seen on the red carpet

Classic Polished Stainless

Polished stainless steel post is timeless and designed to add a touch of class to any space or event.

Weighted Concrete Base

Heavy concrete base is portable yet offers ultimate durability and supports post and ropes when attached.

Rubber Floor Protector

Base includes a full rubber stripping around the circumference.

Polished Stainless Snap End

Polished stainless snap ends are included on each end of the rope allowing for quick attachment to any stanchion connector ring
