MELine 630

Ergonomic Rolling Safety Stanchion

An ergonomic, rolling safety retractable belt barrier that can be moved without lifting. Belt lengths range from 7.5 to 11 ft.

Complete Features List

Highly Visible safety protection

Typically used in outdoor settings for purposes such as facility maintenance and construction.

4-Way Receptacle

3 receptacle splines are featured on the cassette and can receive up to 3 additional belts from other stanchions.

Hi-Viz Safety Yellow

Bright yellow stanchion post provides top notch visual guidance for added awareness and safety.

Multiple Belt Lengths

Belt comes in a variety of lengths from 7.5ft to 11ft – you choose the best length to fit your needs.

Premium Cast Iron Base

Cast iron base enhances the support when stanchion is erected in queue formation.

Rubber Floor Protector

Full circumference rubber stripping around the base to eliminate risk of scratches or scuffing to floors.

Portable Premium Base

Traditional sloped base design is portable and comes complete with black ABS or polished stainless cover to match the stanchion post.

Slow Belt Brake Technology

Built in braking system allows belt to safely retract into the case upon release from the belt end.
