## Water Fillable Base Stanchion

Water Fillable Base Stanchion is engineered for stability in any outdoor environment while remaining incredibly portable and easy to use.

### Complete Features List

#### Highly Visible safety protection

Can be used in outdoor settings for purposes such as facility maintenance and construction

#### 4-Way Receptacle

3 receptacle splines are featured on the cassette and can receive up to 3 additional belts from stanchions

#### Belt Lock

Unique locking mechanism provides the ability to lock retractable belts to make sure they stay in place in those key crowd control situations

#### Multiple Belt Lengths

Belt comes in a variety of lengths from 7.5 ft to 11 ft - you choose the best length to fit your needs.

#### Superior Stability

Engineered for stability in any outdoor environment. Fill it with water to create a heavy and secure foundation that can withstand wind, rain, and various weather conditions.

#### Quick and Easy Setup

Features a user-friendly design with a wide-fill opening and a secure cap, allowing you to prepare it for use in minutes.

#### Durability & Weather Resistance

Crafted from high-quality materials, this base is built to endure prolonged exposure to the elements without fading or cracking, ensuring long-lasting performance.

#### Slow Belt Brake Technology

Built in braking system allows belt to safely retract into the case upon release from the belt end.
