MSLine 630

Retractable Belt Safety Stanchion

Economy safety belt barrier for hazard areas at facilities or construction zones with belt length options ranging from 7.5 to 11 ft.

Complete Features List

Highly Visible safety protection

Typically used in warehousing and distribution centers, factories and construction sites where extra safety precautions are required.

4-Way Receptacle

3 receptacle splines are featured on the cassette and can receive up to 3 additional belts from other stanchions.

Hi-Viz Safety Yellow

Bright yellow stanchion post provides top notch visual guidance for added awareness and safety.

Multiple Belt Lengths

Belt comes in a variety of lengths from 7.5ft to 11ft – you choose the best length to fit your needs.

Weighted Concrete Base

Base is made with heavy concrete for ultimate stability when in use and attached in line with additional stanchions. MSLine 760 has a cast iron base.

Rubber Floor Protector

Full circumference rubber stripping around the base to eliminate risk of scratches or scuffing to floors.

Portable Sloped Base

Sloped base is covered with black ABS plastic for extra durability in any environment.

Slow Belt Brake Technology

Built in braking system allows belt to safely retract into the case upon release from the belt end.
