# COMMITTED TO CREATING BEAUTIFUL CORPORATE GIFTS

---

The Bespoke Gift Co. curates beautiful corporate gift boxes that are packaged to perfection. Our aim is to make gift-giving effortless for your business, and to create a special experience for every gift recipient, whether they are a client, an employee, a conference delegate or other associate.

We develop unique corporate gifts that can strengthen relationships, reinforce brand awareness and differentiate your business from the competition. Our gift boxes are hand-packed with great care and attention to detail, taking all of the work and worry out of organising corporate gifting.

Think of us as your gift consultants, taking into account your business's specific requirements and identity as we design the perfect corporate gift solution.

# SOURCING THE FINEST LUXURY PRODUCTS

---

The Bespoke Gift Co. sources luxurious products, primarily from Australian and New Zealand producers. We take pride in discovering products that are not readily available, to create truly bespoke gifts matched to your brand and your gift recipients – gifts that will make the recipients feel special, and that will get your brand noticed and remembered.

Thanks to our partnership with award-winning Southern Highlands winery Tertini Wines, we can also enhance any corporate gift with our range of fine boutique wines.
