

WELCOME TO JG GRAPHICS  
*Customer Supplied Goods*

*JG Graphics is not responsible for any customer supplied goods*

Any goods that are supplied by you (the customer) is *AT YOUR OWN RISK* as we will try our best but sometimes are not able to replace some customer provided goods. We prefer to work with our suppliers as these garments have been tested to ensure quality, durability, and they can easily supply us with replacements as needed.

Working with customer supplied items that we have not tested or worked with before can lead to errors through a variety of factors and sometimes is beyond our control. If you as the customer still want to provide your own goods, you understand that it is *AT YOUR OWN RISK* and all artwork must be approved through final proposal before any production begins.
