

Master Pursuit

By grower's choice

OFFERING **UNBEATABLE YIELDS** & **UNMATCHED QUALITY**

Introducing the **MASTER PURSUIT** series 1000-watt CMH grow light system: Industrial-Grade power with dual ultra high efficiency 500-watt Ceramic Metal Halide lamps. Delivers DEEP canopy penetration with broad-true full horticultural spectrum from top to the very bottom. Focus-designed for cannabis and bio-engineered to replicate and harness the full brilliance of the sun. Enables growers to mix spectral color levels for optimal development for each stage of growth. Adjusting specific spectrum colour levels creates unique recipes for maximum cannabidiol and terpenes quality.
