AUTOMATE EXISTING BLINDS

The MySmartBlinds Automation Kit is compatible with 2-3" horizontal blinds.

MYSMARTBLINDS WORKS WITH YOUR HOME

No Hub? No Problem. MySmartBlinds work with your existing smart home, or completely on their own.

EASY INSTALLATION

The MySmartBlinds Automation Kit take minutes to be installed. We also offer easy access to support, install video tutorials, and manuals if you ever need assistance.

Support Hours

Available 9am–5pm (Mon–Fri) 1.801.896.1617 | pro@mysmartblinds.com

Here's why consumers love us.

CONTROL FROM ANYWHERE, ANYTIME

Customers can easily control their blinds and settings from anywhere with their Android, or iOS device.

ENERGY SAVINGS

With built-in temperature sensors you can decide how hot or cold you want your room to get before your blinds adjust the temperature allowing you to simply enjoy the home environment you prefer.

UPDATES YOU AS NEEDED

Customers can expect updates in light, privacy, and security monitoring; accessibility; and control. You won't need to repurchase in order to reap the benefits of each update.
