Overview

KEY FEATURES & BENEFITS

3 x Brighter Colours and Reliable Performance* – 3LCD, 3-Chip Technology. Look for both high colour brightness and high white brightness.

Amazing Colour Brightness – 4,200 lumens colour and 4,200 lumens white brightness.

Brilliant Full High Definition Resolution – Enjoy clear and sharp image quality of full high definition content without any distortion with WUXGA (1920 x 1200) resolution, which is suitable for presentations, videos, digital signage and more.

Miracast – Project your smartphone or tablet screens without a cable connection.

Wireless LAN Enterprise Security – Connect projectors in a secure wireless network environment.

Epson iProjection – Wirelessly display and control from your iPhone®, iPad® or iPod Touch®, Android™, and Chromebook devices (wireless LAN needs to purchased separately).

Low Cost of Ownership – Long life, cost efficient lamp and a high efficiency filter extends the life of your projector and allows for hassle free maintenance.

Auto Power on – Simply plug-in HDMI, USB or VGA cable to turn the projector on.

Built in Speaker – Presenting is easy with a built in speaker.

3 Year Projector Warranty – Enjoy peace of mind.

Colour brightness (colour light output) in brightest mode, measured by a third-party lab in accordance with IDMS 15.4. Colour brightness will vary depending on usage conditions. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on PMA Research sales data for Dec.2015 through Nov.2016.

True Colours
White brightness alone cannot bring the true colours you see every day. While other manufacturers of 1-chip DLP technology believe they can improve image quality by just increasing the brightness of their projectors' white light output, Epson ensures that its projectors combine brightness and True Colour to create vibrant and realistic images with 3LCD technology across every projector model.

3LCD Technology
All Epson projectors are based on 3-chip LCD technology for amazing colour, incredible detail and solid reliability. 3LCD's 3-chip architecture dedicates an entire chip to process each primary colour – red, green and blue, continuously. Unlike single-chip technology that delivers colour sequentially, you get full-time colour. The result is vibrant, realistic images and video all delivered with 3LCD's true-to-life colour.

Up to 3x Brighter Colours with Epson Projectors*
Epson projectors use 3LCD Engines that have no colour wheel with a white segment and therefore don't force a trade-off between white and colour brightness.
In fact, Epson projectors have up to 3x Brighter Colours than their leading competitive 1-chip DLP projectors*. If you are looking for business and education projectors or 720p home entertainment projectors, know that choosing Epson projectors means up to 3x brighter colours. If you are looking for 1080p home entertainment projectors, you consistently get 2x and up to 3x Brighter Colours than competitor 1-chip DLP projectors*.

All Epson projectors list both White Brightness and Colour Brightness specifications, and all have high Colour Brightness.
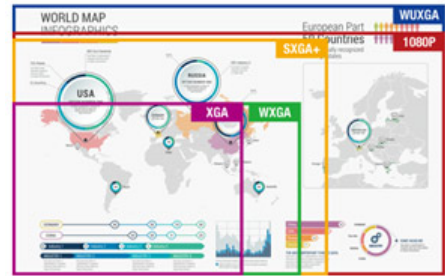

Colour brightness (colour light output) in brightest mode, measured by a third-party lab in accordance with IDMS 15.4. Colour brightness will vary depending on usage conditions. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on PMA Research sales data for Dec.2015 through Nov.2016.

High Brightness
Even though its light weight and compact size enables it to be carried from room to room, the projector is capable of highly visible images thanks to its high brightness (up to 4,200lm) and superior 15,000:1 contrast ratio. Room lights don't have to be dimmed to see bright and clearly projected images, allowing meeting participants to concentrate better for improved meeting productivity.

Brilliant High Definition Image Up To 300"
Featuring native resolution up to WUXGA (1920 x 1200), the new Epson EB-2247U delivers high quality images and crisp, sharp text without any distortion. Images can be projected on a large screen with no information left out. This applies to video output devices such as PCs and smart devices with their ever increasing image quality and higher definition and accommodates a variety of content including 3D CAD, digital broadcasts, Blu-ray, and Internet movies.
Miracast Certified
With support for screen mirroring, users can project their smartphone or tablet screens without a cable connection. Stream your content from a smartphone or tablet via MHL® or, wirelessly using Miracast. There's also no need to purchase any external wireless modules separately.

Collaborative Presenting
Multiple users can connect simultaneously to one projector using EPSON iProjection software which allows you to display four individual PC screens simultaneously over the network (wired or wireless), with up to 50 users connected to the same projector. You can drag and drop participants into or out of one of the four quadrants. This feature is a great tool for meetings or classroom projects where multiple users want to present and compare their screens. You can also connect up to four remote projectors at the same time and show the same multi-screen image; another great tool for remote meeting setups.

With the EPSON iProjection App, you can even display and control content from your iPhone®, iPad®, Android™, and Chrome devices. Just turn on the projector, use the Epson iProjection App to scan the on-screen QR code, and share content on the big screen.

Split Screen
Split screen allows you to display content from two inputs simultaneously, side by side, on a single screen. With three layout options you can display video and presentation materials, and run video on both screens.

	PC1	PC2	Video	HDMI1	HDMI2	USB-B	USB-A	RJ45	Wi-Fi (AP10)	Screen Mirroring

Easy Image Adjustments with Auto Vertical Correction
Position your projector almost anywhere in the room and still get a correctly proportioned image with auto vertical correction and Easy-Slide horizontal image correction. 'Slide keystone adjuster' enables you to adjust the image easily and quickly, even in a limited space, making it perfect for narrow spaces, such as on a desk.

Auto Power On Feature
The projector starts automatically upon connecting a VGA*, HDMI**, or USB cable to the device itself. This feature means you no longer have to use the power on button because startup is activated with cable insertion.

VGA auto power on is available with Computer 1 only
** HDMI auto power on is available with HDMI1 only

New Home Screen
New home screen offers quick and easy access to a variety of useful functions. Also, all source information, no matter what the source input is, can be seen at a glance. Wireless connections can be made easily because all the information you need is right there on the screen.

Longer Lamp Life
The long 12,000H* lamp life saves time and money by reducing the frequency of costly lamp replacements.

* Power Consumption: ECO mode

Connectivity Panel

Specification

PRODUCT NAME	EB-2247U
PRODUCT CODE	V11H881053
WHAT'S IN THE BOX	
	Projector, 1.8m power cable, 1.8m computer cable, remote control, 2 x AA batteries, cover for optional wireless LAN unit
TECHNOLOGY	
Projection System	Epson 3LCD, 3-chip technology
LCD Panel	0.63-inch (D10)
OPTICAL	
Zoom	1 - 1.6 Optical
Screen Size	30" to 300" [0.83 to 8.54 m] (Zoom:Wide) 30" to 300" [1.36 to 13.86 m] (Zoom:Tele)
Projection Distance	60" screen 1.79 m - 289 m
Throw Ratio	1.39 (Zoom: Wide), 2.23 (Zoom: Tele)
Projection Lens F Number	1.50 - 1.90
Projection Lens Focal Length	20.3 mm - 32.5 mm
Focus Method	Manual Focus
Offset	10.0:1
IMAGE	
Colour Light Output	4,200 Lumens
White Light Output	4,200 Lumens
Resolution	WUXGA
Native Aspect Ratio	16:10
Contrast Ratio	15,000:1
Lamp Hours	Normal/Eco: 5,500 Hours/12,000 Hours
Lamp Type	210W UHE
Keystone Correction	Vertical: -30 to +30 degrees Horizontal: -30 to +30 degrees

CONNECTIVITY

Input: Video	1 x RCA (Yellow), 2 x Component (via D-sub 15-pin)
Input: Computer	1 x D-sub 15-Pin (RGB), 1 x USB 2.0 type B
Input: USB Memory Device	USB Type A
Input: Three-In-One USB Display	1 x USB 2.0 type B
Input: Digital	2 x HDMI (1 x MHL)
Input: Audio	2 x RCA (Red/White), 2 x Stereo mini jack
Input: Control	1 x USB 2.0 type B, RS232C
Input: Epson USB Document Camera	1 x USB 2.0 type A
Wireless LAN	Included (Built in)
WiDI/Miracast	Included
Speaker Output	16W

ADVANCED FEATURES

Epson Projector Management	Yes
Epson iProjection	Yes
PC Free Presentations	Yes
USB Plug 'n Play	Yes
AV Mute Slide	Yes
Split Screen	Yes
Instant Off	Yes
Auto Power On	Yes
Direct Power On/Off	Yes
Security	Kensington®-style lock provision Padlock Security cable hole Optional Wireless LAN Unit Lock Password protect function
Colour Modes	Dynamic Presentation Cinema sRGB Blackboard

GENERAL

Dimensions D x W x H (excluding feet)	282 x 309 x 90 mm
Weight	3.2kg approximate
Compatible Lamp Model	ELPLP96
Lamp Warranty	12 months or 750 hours*
Projector Warranty	3 Years
Power Consumption: Lamp on	Normal/Eco: 330W/225W
Noise Level	Normal/Eco: 37/28dB
