2. Open the menu bar in the FeelConnect app and tap 'connect a device'

3. Click on the product you would like to connect. Then tap on 'add selected devices'.

4. Slide the slider right, the "test" option shows, click it to ensure your device is working properly.

5. Now, to add your favorite content website, open the menu bar and select 'add a website'.

6. The app will ask you to access the camera, tap allow; It will open a QR code scanner.

7. Go to FeelMe.com, register your free account and then click on "My devices".

- 8. The website will open a QR code in a new page.
- 9. Scan the QR code with your smartphone.

10. Congratulations! Your Toy will now respond to interactive content on FeelMe.com.

This process only needs to be done once. Enjoy your new interactive journey!

2. Connect to Your Partner from a Distance.

Turn on your device.
It is in bluetooth mode.
