Software notice

Kiiroo Pearl2+ is to be used with the authorized FeelConnect 3.0 app only. Downloading any third-party applications to control or interact with the Pearl2+ is done entirely at your own risk. In the event that a third-party application is downloaded, and it damages either the device software or hardware or leads to personal injury, neither Kiiroo nor any of their partners will be held liable. In the event that third-party applications are downloaded, the device warranty will be void.

Hardware notice

The Kiiroo Pearl2+ was designed to be used with original Kiiroo products only. The usage of any third-party hardware product in combination with The Kiiroo Pearl2+ violates the terms of usage and warranty, and Kiiroo will not be liable for any damage sustained.

General notice

FeelRobotics, FeelTechnology and Kiiroo are constantly working to ensure their hardware and software are as secure as possible. We recommend updating your app and device every time there is an update to the latest versions in order to guarantee your safety.

SET UP YOUR DEVICE

Set up your device

Using the Pin USB charger provided, charge your device until the light turns green; about 2 hours.

The charging port can be found at the bottom of Pearl2+. Insert the Pin into the small hole at the bottom of the Pearl2+.

**We recommend charging the device fully prior to the first use.*

While your device is charging

Go to www.kiiroo.com to create your user account. <https://www.kiiroo.com/my-account/>

Once you have created an account, please go to: <https://www.kiiroo.com/pages/register-your-device> to register your device and activate your one (1) year warranty.

Download the [FeelConnect 3.0 App](#) so you are ready to pair your Pearl2+ with your mobile phone once it is charged.

pearl²⁺

USING YOUR DEVICE

1. Power on by pressing the multifunctional button at the bottom of the device and hold for 4 seconds.
2. A solid **blue color** will show and the device is now in Bluetooth Mode (go to page 11).
3. Push the button once. The light will turn white and now the device is in Touch-Sensitive Mode (go to page 12).
4. To turn off the device, hold the multifunctional button for 4 seconds until the light goes off.

***please note: Pearl2+ is waterproof! Enjoy using your new Pearl2+ in the bath or shower and live up to some of your wettest and wildest fantasies.*

DOWNLOAD THE FEELCONNECT APP

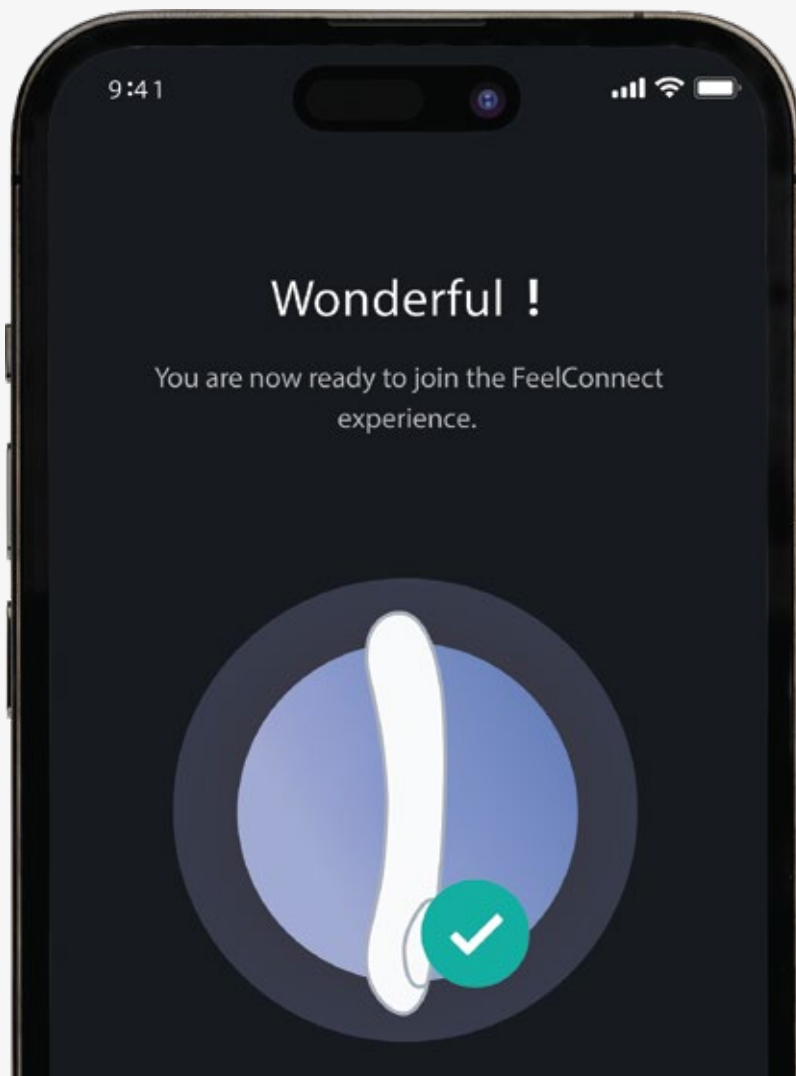

Please download the FeelConnect App on your mobile phone and follow the instructions on how to pair your Pearl2+ to the app.

For detailed instructions please visit: <https://www.kiiroo.com/pages/feelconnect>

Kiiroo Pearl2+ is to be used with the authorized FeelConnect app only. Downloading any third-party applications to control or interact with the Pearl2+ is done entirely at your own risk.

In the event that a third-party application is downloaded, and it damages either the device software or hardware or leads to personal injury, neither Kiiroo nor any of their partners will be held liable.

In the event that third-party applications are downloaded, the device warranty will be void.

Feel your lover

When paired online, the corresponding device(s) give you the touch and intimacy you crave, from anywhere in the world, mimicking intimacy in real-time.

Feel videos

Our exclusively encoded porn videos will let you not only see your favorite stars, but feel them too. The vibrations of Pearl2+ sync with the motions you see on the screen.

Feel virtual reality

Use the Pearl2+ in combination with VR glasses and VR Porn. Experience high quality adult videos filmed in 180 and 360-degrees with 3D stereoscopic views. The sensory experience becomes as immersive and mind-blowing as can be.

Feel webcam models

Our webcam partners have a special interactive section on their website with hot cam models' ready to control your device. Every move cam models make can be felt on the device and vice versa.

Go to www.connect2feel.com to find compatible 2D, VR and webcam sites and learn how to connect.

pearl²⁺

MODES

Pearl2+ has 7 modes:

- Bluetooth mode 0 click
- Touch-sensitive mode 1 click
- Slow 2 click
- Medium 3 click
- Fast 4 click
- Pattern 1 5 click
- Pattern 2 6 click

*** please note that Bluetooth Mode is the only mode where you can send & receive signals to and from partners or content. To cycle through each mode, click the single multifunctional button until you reach the mode of your choice.*

1. Bluetooth mode; indicated by a **blue light**

- To pair the Pearl2+ with content, follow the instructions on the FeelConnect App.
- Go to “**Media**” at the bottom, click on “Add Media” and scan the QR code to connect to the content of your choice.

pearl²⁺

MODES

2. Touch-sensitive mode; indicated by white light

Pearl2+ responds intuitively to touch; its surface will vibrate whenever it comes into contact with your body. Move the upper surface of the device over your clitoris to enjoy precise sensations delivered exactly where contact is made. Move Pearl2+ deeper inside, to feel the entire shaft respond with more widespread vibrations.

3. Manual mode; indicated by purple light

Once the device is in Manual Mode you can click through the pre-set modes.

pearl²⁺

LED INDICATOR

1. Insert the Pin Charger cable into the Pearl2+'s charging point. The Pin point is located at the very bottom of Pearl2+.
2. Insert the other end into a USB port. This can be in a computer or wall adapter.

****Please note: wall adapter is NOT included in the box.***

3. Wait for the red LED light to blink slowly; this indicates that the Pearl2+ is charging.
4. The LED light will glow solid green when Pearl2+ is fully charged.
5. When the battery is low, the LED light will prompt you to charge by flashing red quickly. You will have 5 minutes before Pearl2+ disconnects from Bluetooth and turns off.
6. The LED light will blink yellow continually if an update is available or if something has gone wrong.

-  Bluetooth mode.
-  Touch-sensitive mode.
-  Manual mode.
-  Fully charged.
-  Battery low
-  Battery is critically low - 5 minutes until disconnect.
-  Pearl2+ is in Bootloader mode and needs updating
-  Pearl2+ is updating

pearl²⁺

HANDLING

Hold Pearl2+ at the base of the device and apply a generous amount of water-based lubricant.

****Please note:***

- ***Pearl2+ is not a hands free device.***
- ***Pearl2+ is intended for vaginal use only***

Recommended

Always use Kiiroo Lube or any other water-based lubricant.

Always use lubricant as it will prolong the lifespan of Pearl2+ and give you the most comfortable experience.

Do not use

Silicone lubricant as it will deteriorate the silicone of Pearl2+.

Massage oils or hand cream as lubricants.

Pearl2+ anally. It does not have a tapered base and might get stuck.

Cleaning

Always clean Pearl2+ thoroughly after each use.

Use warm water along with antibacterial soap, dish soap or a specialized toy cleaner.

Try to avoid cleaners containing alcohol, petrol or acetone and harsh soaps as this might damage the silicone of the Pearl2+.

****Hygiene silicone is an easy material to clean. It will last for years when taken care of properly.***

DISCLAIMER AND WARNINGS

We, Kiiroo, make no medical claims with our devices. Our devices are not to be used by or on minors (anyone under 18), or anyone who is unable or unwilling to express consent.

Do not use Kiiroo devices on inflamed or irritated areas. Follow all directions as set forth by the manual, and do not attempt to make any technical adjustments to your Kiiroo device at home.

Kiiroo will not be held responsible for any undesirable results of misuse.

Do NOT use your Pearl2+ if :

- If there are exposed electronic elements
- On inflamed or irritated areas
- If it is excessively hot to touch
- Anally

Avoid leaving your Pearl2+ in direct sunlight and **NEVER** expose it to extreme heat.

Never use cleansers containing alcohol, petrol or acetone.

Do not use heating appliances to dry the device.

Avoid using harsh soaps as they can damage the silicone material.

Always store the device out of reach of children.

The Bluetooth module is located in the handle. For personal safety and optimal reception, avoid inserting the handle (only use the top 13cm).

DISPOSAL SPECIFICATION

While Pearl2+ is made of eco-conscious materials, you should not dispose of Pearl2+ in your waste bin.

Like any electronic device with a rechargeable battery, there are disposal regulations.

These vary by city and local municipality.

Be aware of how electronics are disposed of where you live.

Also consider that in your locality, Pearl2+ may be considered biowaste because of its intimate nature.

Kiiroo suggests asking your local council center.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:
Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

(Example - use only shielded interface cables when connecting to a computer or peripheral devices).

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

FCC STATEMENT

The equipment is used in portable condition.

“The antenna(s) used for this transmitter must not be collocated or operating in conjunction with any other antenna or transmitter”.

This device complies with Part 15 of the FCC Rules. The operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

ISED STATEMENT

This device complies with Industry Canada license exempt RSS standard(s).

Operation is subject to the following two conditions : this device may not cause interference and this device must accept any interference, including interference that may cause undesired operation of the device.

This device complies with IC RSS 102 RF exposure requirements for portable use configuration.

The device must not be colocated or operating in conjunction with any other antenna or transmitter.

This device complies with Industry Canada's RSS for licence-exempt radio devices.

Operations are permitted under two conditions: the device must not cause interference and the user of the device must accept any radio interference, even if the interference is likely to impair its operation.

This device complies with IC's RFIC 102 exposure requirements, for portable use configuration.

The device must not be co-located or operate in conjunction with another antenna or transmitter.
