

RING SIZING GUIDE

PRINTING SETTINGS

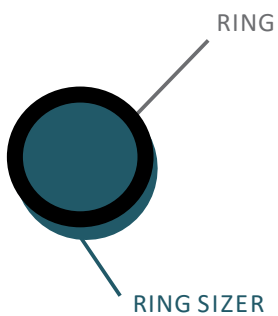

To get the best results, you will need to go to the 'printing settings' before printing and ensure that the 'page scaling' option is set to 'none' in the print dialogue box. Ring Size Chart must be printed on a full letter (8 ½ x 11 inches) size page. To check that the Ring Size Chart has been printed properly, take a ruler and measure the sample below. It should measure exactly 2 cm.

HOW TO USE THE RING SIZE CHART

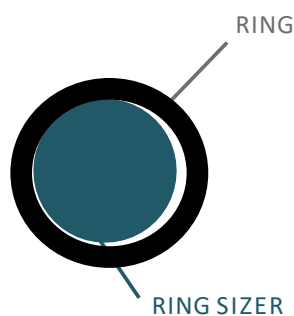

If you have a ring that perfectly fits the finger on which the new ring will be worn, you can place it over the nearest sized circle of the Ring Size Chart. If your ring appears to be between two sizes, we recommend that the larger size be chosen.

The inner edge of the ring is not aligned with the outer edge of the circle

RING SIZE CHART

FIND YOUR SIZE WITH A STRING

- Cut a string that is about 10 cm long. (4 inches)
- Fold the string around the base of the finger, just below the knuckle.
- Mark where the string ends with the pen.
- Place the measured string on a ruler .
- The number closest to the pen mark is the circumference of the ring in millimetres.
- Use the ring size chart above to translate the measurements into a ring size.
