

MEMORY FOAM PET BED

USER GUIDE

SKU# APMFB36, APMFB344

Thank you for purchasing the ARF PETS memory foam pet bed. This User Guide is intended to provide you with guidelines to ensure that operation of this product is safe and does not pose risk to the user. Any use that does not conform to the guidelines described in this User Guide may void the limited warranty.

Please read all directions before using the product and retain this guide for reference. This product is intended for household use only.

This product is covered by a limited one-year warranty. Coverage is subject to limits and exclusions. See warranty for details.

IMPORTANT! PLEASE NOTE!

- 1) The bed is highly compressed and vacuum packed. After unpacking, please allow 24 hours up to 36 hours for the foam to expand to its full size.
- 2) When the foam cushion has expanded to its full size, cover it with the waterproof inner cover first, then add the outer cover.
- 3) The memory foam may have a slight odor that remains after the manufacturing process. This is normal and completely harmless. The odor will dissipate 100% within 7 to 10 days. You may speed up the process by removing the cover and placing the foam in a dry, shady area for a few days. A garage or shaded porch works well for this process.
- 4) Never immerse the foam bed in water or other liquids.
- 5) Do not use hot or warm water or harsh cleaning agents on the foam bed.
- 6) Do not place the foam bed in direct sunlight.
- 7) Avoid getting the foam bed wet or exposing it to extremely humid or hot conditions.
- 8) To freshen up the foam bed and remove odors, lightly sprinkle baking soda over the bed and let sit for at least 1 hour. Using your vacuum brush attachment, gently vacuum up the baking soda.
- 9) The outer cover is machine washable.

Specifications

APMFB36 (Medium): 36" x 28" x 5.5"

APMFB344 (Large): 44" x 34" x 5.5"
