Thank you for purchasing the Arf Pets Pet Cooling Mat. This User Guide is intended to provide you with guidelines to ensure that operation of this product is safe and does not pose risk to the user. Any use that does not conform to the guidelines described in this User Guide may void the limited warranty.

Please read all directions and safety precautions before using the product and retain this guide for reference. This product is not for consumption and is intended for household use only. It is not intended for commercial use.

This product is covered by a limited one-year warranty. Coverage is subject to limits and exclusions. See warranty for details.

## FEATURES

Cools continuously for up to 3 hours

No batteries, electricity, refrigeration, or water required

Durable, puncture-resistant construction

Great for travel

Ideal for pet beds, crates, or kennels

Non-toxic and latex-free

Wipes clean

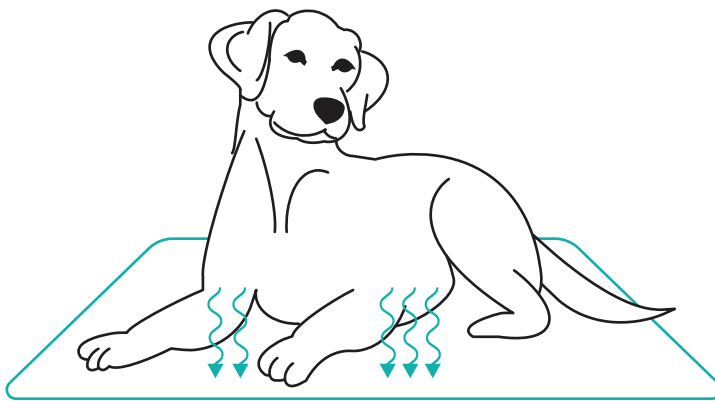

Automatically recharges itself after 15–20 minutes of non-use

## SUGGESTED USE

Hand-smooth any bumps in the mat which might have occurred from storage.

When your pet sits on the mat, the inner cooling gel will absorb their body temperature and keep them cool for up to three (3) hours.

The mat will need about 15-20 minutes to recharge itself and be ready for cooling again.

For faster cooling re-adjustment, you can briefly place the mat in the refrigerator until it reaches desired coolness.

## CLEANING/MAINTENANCE INSTRUCTIONS

- Regularly clean your cooling mat by using warm soapy water or warm water with a mild, highly-diluted detergent.
- Wipe with a soft dry cloth.
- **Do NOT machine wash or boil mat.**
- **Do NOT use a dryer to dry the mat.**
- Ensure that the mat is dry before storing.
- Cover mat when in storage to avoid mildew buildup.
- Hand-smooth any bumps when folding mat for storage.

# SAFETY PRECAUTIONS

- Do NOT leave your pet unattended with this cooling mat.
- While this cooling mat is non-toxic, it is absolutely NOT meant to be consumed under any circumstances. Ingestion of foreign objects, even if non-toxic, can cause certain consequences that require special attention. If you suspect that your pet may have ingested any part of the cooling mat, we recommend that you take your pet to the veterinarian. ArfPets is not liable for any effects which occur as a result of consumption of this product.
