561 7th Ave. 20th Floor
New York, NY 10018

1. Hold the mounting plate to the wall and mark two dots in the center of each horizontal channel.

2. Drill the two pilot holes using a 1/4" drill bit and place the provided dry wall anchors inside.

3. Position the mounting plate on the wall so that the channels line up with the drywall anchors.

4. Drill the 2 provided screws into the drywall anchors so that the mounting plate sits flush on the wall.

5. Place the raised backplate onto the mounting plate.

6. Rotate the raised backplate until all three side holes line up with the corresponding holes on the mounting plate.

7. Use the 3 provided thumb screws to tighten the fixture in place.
