911912 Parts Brochure

International Mercantile

Manufacturer/Worldwide Distributor, Since 1971

International Mercantile has a full service "in-house" machine shop and fabricating facility, and is the source for 95% of the products listed, so delivery is never a problem. Unless marked **inquire** all products are in stock and can be shipped immediately. All rubber products are made of Dupont E.P.D.M. (Nordel) or Dupont neoprene. Oxidation and ozone cracking are nonexistent with these two materials. Source reference: The Dupont Company. All products marked O.E.M. are "original equipment manufacture" and have absolutely no guarantee with respect to oxidation and ozone cracking. Some items listed in price schedule are not shown on picture listing. If you do not find the item needed, please write, fax, e-mail or call.

International Mercantile has new products coming out monthly.

Please fax, e-mail or call for latest brochure.

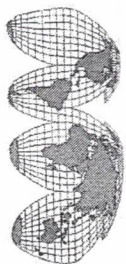

Special Services

- High Quality Heavy Duty Tops for Speedsters, Roadsters, Cabriolets.
- Original German Tops and Headliners.
- Original Carpet Kits (all colors; allow 1-2 week delivery).
