

LATITUDE

IT'S A LOVE STORY

There's a place that I love, it's the most remote, most pristine and most beautiful place in the world, Abrolhos Islands. Home of my pearl farm and home to so many precious moments I have celebrated in my life. I love to honour these island stories and capture their beauty in the timeless jewellery designs.

Bringing together pearls of the sea and gemstones of the land in ways that celebrate their source, embrace their natural beauty and tell their story and yours. It's a love story.

The Signature Series are our most iconic and most loved pieces that are an elevated addition, part of your evolving jewellery story. Founded upon the breathtaking beauty of our home to celebrate your journey. These contemporary designs are beautifully handcrafted in our Geraldton studio workshop by expert jewellers.

I believe that every piece of jewellery should tell a story. We value the *freedom to create* and our designs are as unique as you are. Every piece is a testament to our commitment to creating jewellery that transcends time. Capturing the essence of your life and its evolution, embodying each new chapter as it unfolds. We're honoured to be part of your jewellery story.

AUSTRALIAN ABROLHOS ISLAND PEARLS

Latitude Australian Abrolhos Island pearls are rare and exquisite with a lustre like no other in the world. Direct from our own Abrolhos Island pearl farm, our black pearls are pure, untouched and have a thick nacre that enables you to see your reflection. Naturally radiant, each one is unique and has it's own story to tell.

Born from the rare Australian Pinctada Margaritifera oyster and grown in the most pristine waters of the Abrolhos Islands, 70 km off the coast of Geraldton, Western Australia. Each pearl takes 5 years to grown. Three to grow the oyster then the pearl is harvested two years after seeding, only producing one pearl during this time. Once the pearl is harvested the oyster can only be reseeded up to two times.

After selection, the pearls are untouched, the beauty of a fine quality pearl is revealed the moment it is removed from the oyster. Because we only hand-select the best pearls, we need to do nothing more to the pearl. A Latitude Australian Abrolhos Island pearl will never be less beautiful than the day you first saw it, because it is authentic and naturally radiant.

So rare, the Australia Abrolhos Island pearl makes up only 0.01% of global pearl production. There is no doubt, a Latitude Australian Abrolhos Island pearl is one of the rarest gems in the world.

Black Pearls

Argyle Filigree Pendant with Abrolhos Black Pearl + Pink Diamond

The unique black colour of our pearls comes from the oyster shell itself. Producing a rainbow of pastels greys with pink, blue and green hues. They mirror the unique colour of the shell they grew in. With the pink hue the rarest of them all.

LATITUDE JEWELLERS

Latitude Jewellers is a luxury jewellery brand based in Geraldton, Western Australia. We are a family-owned business and have been masterfully crafting exquisitely beautiful Australian Abrolhos Island pearl jewellery for more than a decade. We pride ourselves on selecting only the highest quality materials to design our jewellery, including pristine Australian South Sea Pearls and Australian Pink Diamonds from the Argyle Mine and other precious gems.

With more extensive experience, Latitude Jewellers are renowned as experts in Australian Abrolhos Island pearl jewellery. The history of the Australian Abrolhos Island pearl is inextricably twined with the Latitude name for their proudly family owned and operated Pearl Farm. Hand-selected, for their natural beauty and individual character, each Latitude pearl is of extremely genuine quality, carefully chosen for you upon the five principals of virtue by Pia Boschetti, Latitude Founder and Pearl Farmer.

When you're investing in a Latitude Australian Abrolhos pearl, you are investing in generations of seafaring history at the Abrolhos Islands. We encapsulate the natural beauty of the pearl or diamond through our *freedom to create* ethos, offering the wearer a design that's always contemporary, innovative and unconfined. Giving them the latitude to be who they truly want to be.
