Featuring:

NEW

## DVM Rapid Test™ II

Efficiently check Serum / Plasma IgG, Colostrum IgG, and sperm concentration using the **NEW DVM Rapid Test™ II**. This portable, easy to use instrument is a necessity for every breeding facility / clinic!

See page 40  
for more information.

---

## Equine Portable Treatment Stock

Have the ability to take your Treatment Stock to the Farm using the **Equine Portable Treatment Stock**. This durable, easy to move stock could be your solution for the restraint of horses away from your clinic!

See page 32  
for more information.

# BRANDS & MANUFACTURERS

Genesis Instruments is a manufacturer of quality instruments, delivery systems, and other specialty products serving the animal health industry, including unique delivery systems for injectable, topical, and oral animal health products. Our delivery systems are recognized for their accurate and consistent delivery, as well as their ergonomic design.

Genesis Industries, Inc. offers a wide variety of plastic containers and accessories designed to meet customer packaging and product delivery needs. Syringes, Serum Bottles, Cylinders, Boston Rounds, and a range of back pack containers are manufactured in a variety of sizes using FDA compliant plastic resins and colorants to provide the highest quality container possible. The experienced Research & Development team at Genesis Industries offers innovative design, prototyping, and development services for any packaging requirements of a pharmaceutical, biologic, or vaccine manufacturer.

The McCulloch Medical™ Constant Delivery™ Aspirator / Resuscitator and One Puff™ are simple to use, hand-held instruments to clear respiratory passages and pump air into a struggling newborn animal's lungs. McCulloch Medical™ also offers specialty masks and adapters for aerosol drug delivery and anesthesia, as well as Anesthesia Chambers and the Wild Child™ Feline Management System.

MAI is a manufacturer of unique products serving the animal health industry, including a full range of supplies for use with Artificial Insemination, Embryo Transfer, and In Vitro Fertilization techniques, as well as a range of flexible tubing and vinyl products used for oral feeding and intravenous fluid therapy. Specialty products are designed for use by veterinarians and producers working with a variety of species including companion and food producing animals.

ESTROTECT™ is an economical and effective, scratch-off heat detection aid for beef and dairy animals. ESTROTECT™ is designed to indicate standing heats for more accurate insemination times. University research has shown ESTROTECT™ to be as effective a heat detector as any device including the bull. ESTROTECT™ is available in five colors to use as a reproductive management tool.

Veterinary Dental Products LLC specializes in manufacturing quality dental products specifically for use in equine dentistry. Veterinary Dental Products is committed to addressing the needs of equine dental practitioners through the development of new, innovative products and by improving our current product offering.

# BRANDS & MANUFACTURERS

ICPbio Reproduction is a global supplier of Embryo Transfer and Reproductive products including flushing and embryo handling media for equine, bovine, and ovine used by veterinarians and reproductive specialists. ICPbio Reproduction also manufactures and distributes the Ovagen™ brand FSH for super ovulation of ovine and bovine for Embryo Transfer procedures.

Value Diagnostics offers a simple and precise portable test system for measuring IgG in serum, plasma, and colostrum to address the needs of newborn animals. The DVM Rapid Test™ II is a cost effective, portable, highly accurate point-of-care instrument that may be utilized with a variety of test kits designed for various species of animals.

Visual Management LLC™ provides visual communication tools for clinicians, staff, and clients. Effectively manage your practice with Clip-Its™, Write-Boards™, Business Signs, and much more! Also offered are marketing materials for all your promotional needs. Visual Management products are designed to enhance veterinary practices to provide high quality patient care.

Har-Vet™ is an industry leader in equine veterinary products. Har-Vet™ offers a wide variety of products designed specifically for equine reproduction and other specialty needs.

Creative Pet Products™ is the pioneer for companion animal first aid kits. Kit options include Bow Ow™ for dogs, Me Ow™ for cats, Sporting Dog™ and Sporting Dog™ II for hunting or athlete dogs, and Horse Aid™ for horses. First aid kits from Creative Pet Products™ are intended for those who want the necessary emergency stabilization first aid tools to handle emergency situations.

The Dr. Larson Company offers products designed specifically for dairy cattle applications and functions. A variety of nutritional supplement products for transition cows are available to promote and support optimal milk production. A variety of products for udder health are also a part of the Dr. Larson's portfolio, as well as numerous specialty products for other species.

MDS Incorporated offers unique, high quality endoscopes at affordable prices. Serving the Veterinary industry for more than 40 years, their full line of lighting, optical, and video equipment are proven diagnostic tools. MDS endoscopes feature state-of-the-art technology with applications for large and small animals at a fraction of the cost of other brands. Increase revenue in veterinary practices with endoscopes from MDS Incorporated.

## Missouri Artificial Vagina & Accessories

- Kit includes: 16" or 22" latex A/V, leather jacket, two plastic 250 cc collection bottles, bottle adapter, 25 semen filters, filling system, and ten disposable inner liners
- Latex A/V Liner, 16" or 22"
- A/V filling valve for air and water
- Single piece latex liner with tapered cone
- Leather jacket and reinforced handle assist in collection
- Fills with the 3/8" Filling System or the E-Z A/V Filler
- Approximate weight when full is 12 lbs

Item	Product Description	UOM
61629	22" Missouri A/V Complete Kit	Each
61622	Leather Jacket for 22" Missouri A/V	Each
61624	Latex Liner for 22" Missouri A/V	Each
17145	Disposable A/V Liner for 22" Missouri A/V	10/Pkg
17147	Disposable A/V Liner with Filter for 22" Missouri A/V	10/Pkg
17104	Insulated Neoprene A/V Cover for 22" Missouri A/V	Each
61630	16" Missouri A/V Complete Kit	Each
61625	Latex Liner for 16" Missouri A/V	Each
61623	Leather Jacket for 16" Missouri A/V	Each
61635	Disposable A/V Liner with Filter for 16" Missouri A/V	10/Pkg
61636	Disposable A/V Liner for 16" Missouri A/V	10/Pkg
17105	Insulated Neoprene A/V Cover for 16" Missouri A/V	Each
17120	Insulated Bottle Cover for Missouri A/V	Each
17135	3/8" Filling System for Missouri A/V	Each
61626	Semen Collection Bottle - 250 cc	2/Pkg
61631	Bottle Adapter for Missouri A/V	Each
61642	A/V Semen Filter - 6" x 2-1/4"	25/Pkg

## Missouri Premium Collection Liners

- Enhanced material offers superior durability
- Overlapped receiving end is double-walled
- Excellent for high volume usage

Item	Product Description	UOM
17003	Premium Latex Liner for 16" Missouri A/V	Each
17006	Premium Latex Liner for 22" Missouri A/V	Each

## Artificial Vaginas & Accessories

### Colorado Artificial Vagina & Accessories

- Kit includes: A/V, water jacket liner, ten 7" strong securing bands, four plastic 350 cc collection bottles, 25 semen filters, water filling system, and ten disposable inner liners
- Rigid one piece plastic housing with handle
- Physical shell has a large 6" inner diameter
- Durable construction
- Ideal for large breed stallions
- A/V filling valve air and water
- Fills with the 1/2" Filling System or the E-Z A/V Filler
- Approximate weight when full is 23 - 25 lbs

Item	Product Description	UOM
61645	Colorado A/V Complete Kit	Each
61646	Latex Water Jacket Liner for Colorado A/V	Each
17035	Latex Collection Liner with Flared End for Colorado A/V	Each
61660	Disposable A/V Liner with Filter & Bottle for Colorado A/V	10/Pkg
61649	Disposable A/V Liner without Filter for Colorado A/V	10/Pkg
61642	A/V Semen Filter - 6" x 2-1/4"	25/Pkg

### Har-Vet™ Artificial Vagina & Accessories

- Kit Includes: A/V, one latex water jacket liner, two sets of strong securing bands, two plastic 250 cc collection bottles, 25 semen filters, ten disposable inner liners, and instruction manual
- Similar size to the Japanese A/V; inside diameter 4-3/4"
- Plastic molded shell with rugged plastic handle
- Metal filling port allows for rapid filling
- Lightweight system
- Approximate weight when full is 8 lbs

Item	Product Description	UOM
61602	Har-Vet™ A/V Complete Kit	Each
61603	Har-Vet™ Latex Water Jacket Liner	Each
61642	A/V Semen Filter - 6" x 2-1/4"	25/Pkg
61607	Whirl Pak® Collection Bag, 18 oz	10/Bag

## Disposable Artificial Vagina Kit

- Kit includes: outer casing, inner vinyl liner, four filters, one 350 cc collection bottle, four cable ties, and four clamps to close water filling stem
- Inner bladder is made of soft vinyl attached to the housing
- Exterior shell is made of recyclable corrugated material
- Ideal for limited use in clinics or stables
- Collection method same as a Colorado, Har-Vet™, Missouri, or Japanese A/V
- Designed for single use to prevent the possibility of disease transfer
- Approximate weight when full is 17 - 18 lbs

Item	Product Description	UOM
61640	Disposable Equine A/V Kit	Each

## Pony / Mini Artificial Vagina Complete Kit

- Kit includes: rubber A/V housing, leather jacket with handle, one latex water liner, ten disposable liners with filters, two strong securing bands, and a water filling system
- Fills with the 3/8" Filling System or the E-Z A/V Filler
- A/V filling valve for air and water
- 12" long with a 4" inside diameter
- For use with ponies and miniature stallions
- Approximate weight when full is 7 - 8 lbs

Item	Product Description	UOM
17026	12" Pony / Mini A/V Complete Kit	Each
17106	Leather Jacket for Pony / Mini A/V	Each
17107	Latex Inner Liner for Pony / Mini A/V	Each
17109	Disposable A/V Liner with Filter for Pony / Mini A/V	10/Pkg
17111	Disposable A/V Liner without Filter for Pony / Mini A/V	10/Pkg
61626	Semen Collection Bottle - 250 cc	2/Pkg
61642	A/V Semen Filter - 6" x 2-1/4"	25/Pkg
17135	3/8" Filling System for Missouri A/V	Each

## Stallion Condom

- Made of latex material
- Wall thickness .0125"
- 12-3/4" long, 5-3/4" wide at base, and 3-3/8" wide at top opening

Item	Product Description	UOM
61650	Stallion Condom	Each

## Artificial Vagina Accessories

### Conditioning Solution for Artificial Vagina Liners

- For use inside the bladder of the Missouri Latex Liner to prevent sticking
- Aids in the prevention of mold and mildew growth
- Pour approximately 1 ounce of Conditioning Solution into A/V bladder. Fill with water to disperse

Item	Product Description	UOM
17100	A/V Conditioning Solution - 4 oz	Each

### Artificial Vagina Semen Filter

- Fits any A/V using a baby bottle for collection including Har-Vet™, Missouri, Colorado, Disposable, and Pony A/V's
- Used to remove debris, non-semen or seminal fluids from the ejaculate, leaving whole semen for laboratory evaluation and A.I. procedures
- Low cost

Item	Product Description	UOM
61642	A/V Semen Filter - 6" x 2-1/4"	25/Pkg

### E-Z Artificial Vagina Filler

- Reinforced PVC tubing
- Fits onto standard hose attachment
- Easy to use without getting wet
- Quick release connector for easy attachment onto faucet
- Brass fittings
- Fits most A/V's

Item	Product Description	UOM
17140	E-Z A/V Filler	Each

### Economy Artificial Vagina Filler

- Reinforced PVC tubing
- Quick release connector for easy attachment onto faucet
- Identical to the E-Z A/V Filler but with limited longevity

Item	Product Description	UOM
17142	Economy A/V Filler	Each

### Stallion Urinary Catheter

- Rounded tip with four side ports on working end
- Foley adapter end
- PVC tubing with a molded tip for ease of insertion and threading
- Full length guide wire to assist in threading into the urethral passage
- Outside diameter .285"
- Length 54"
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
21405	Stallion Urinary Catheter	Each

## Looking for Embryo Transfer Supplies?

We provide a wide range of Embryo Transfer products including:

- Embryo Transfer Filters
- Y-Junctions
- Media
- Transfer Catheters and Dishes
- Straws
- Thaw Units

Please visit our website to view our full catalog!

## Semen Handling Accessories

### Cover Slips

- 100 slips per box
- 22 mm x 22 mm
- No. 1 thickness

Item	Product Description	UOM
49001	Cover Slips	100/Box

### Microscope Slides

- 72 slides per box
- Clear glass
- Ground edges
- 3" x 1"
- 1 mm - 1.2 mm thickness

Item	Product Description	UOM
49000	Microscope Slides, 3" x 1"	72/Box

### Centrifuge Tubes

Item	Product Description	UOM
49101	Centrifuge Tubes, 15 ml	100/Box

**Har-Vet™ Semen Extender & Accessories**

- Prevents agglutination of spermatozoa so that forward motility may be determined
- Helps destroy infectious pathogens when an antibiotic has been added
- Buffers the pH of antibiotics added to the semen
- Maintains a higher percent of forward motility over time as compared to raw semen
- Increases the insemination dose volume making it easier to handle and minimizing spermatozoa loss in equipment such as insemination pipettes
- Extender is packaged in moisture resistant foil pouches to extend life
- Allows for storage of cooled semen for use up to 48 hours after collection
- Semen extender and sterile-filtered water available as a kit or sold separately

Item	Product Description	UOM
01500	Har-Vet™ Semen Extender Kit with Gentamicin Sulfate	Each
01502	Har-Vet™ Semen Extender Kit with Amikacin and Potassium Penicillin	Each
01510	Har-Vet™ Semen Extender Kit without Antibiotics	Each
01520	Har-Vet™ Semen Extender Kit with Ticarcillin	Each
01522	Har-Vet™ Semen Extender Kit with Amikacin	Each

## Uterine Culture Swabs & Brushes

MAI is pleased to provide an extensive range of uterine swabs for clinical usage. Unlike other manufacturers, we feature calcium alginate fiber heads providing a media swab to capture and maintain pathogen survival for successful culturing. Other manufacturers provide cotton fiber heads which absorb fluid but do not enhance pathogen growth / survival thereby compromising results. We provide superior quality products that enhance value to clients.

### Tieglund Uterine Culture Swab

- 30" swab is single-guarded by an outer tube
- Calcium alginate fiber head for low pathogen toxicity
- Swab length is easily reduced for transport and plating

Item	Product Description	UOM
64400	Tieglund Uterine Culture Swab	25/Bag

### Double-Guarded Uterine Culture Swab with Calcium Alginate Tip

- 30" swab is double-guarded with a rigid outer shell
- Calcium alginate fiber head for low pathogen toxicity
- Swab length is easily reduced for transport and plating

Item	Product Description	UOM
64300	Double-Guarded Uterine Culture Swab with Calcium Alginate Tip	25/Bag

### Double-Guarded Cytology Brush

- 31" stick double-guarded with a rigid outer shell
- Brush removes easily for cytology
- Obtain cytology samples in one easy application
- Less trauma to uterus and decreases pathogen introduction
- Easily reduced for transport and plating

Item	Product Description	UOM
17726	Double-Guarded Cytology Brush	25/Bag

### Double-Guarded Cytology Brush Culture Swab Combination

- 31" swab is double-guarded with a rigid outer shell
- Brush removes easily for cytology
- Obtain cytology and culture samples in one easy application
- Less trauma to uterus and decreases pathogen introduction
- Calcium alginate fiber head for low pathogen toxicity
- Easily reduced for transport and plating

Item	Product Description	UOM
17725	Double-Guarded Cytology Brush Culture Swab Combination	25/Bag

## Low Volume Uterine Culture Media Kit

MAI is pleased to offer a uterine culture media and bag system with an attached catheter to collect uterine content thereby increasing the potential for pathogen isolation and identification in difficult to breed mares. Once media is introduced to a patient and retrieved, the contents may be incubated within the bag for maximum growth of pathogens prior to culturing.

- Ideal for taking samples for uterine culture and cytology
- Comprehensive sampling of the uterus allows for more complete diagnosis and prognosis of uterine pathology
- Culture media is gravity fed into the uterus and gravity collected into the same container; centrifuge to concentrate sample
- Kit includes: sterile-filtered Uterine Culture Media; catheter (gamma irradiated or EtO exposed)

Item	Product Description	UOM
16000	Low Volume Uterine Culture Media Kit	Each

## Uterine Speculums

Speculums are used to protect culture swabs, pipettes, and any instrument used in the uterus, preventing vaginal contamination during entry. Each speculum has an extra heavy wall to prevent collapse with a rounded end to prevent insertion trauma. Individually packaged and available non-sterile or gamma irradiated.

- 18" long x 1-1/4" outer diameter
- Silver inside and out
- Rounded end is lightly lubricated

Item	Product Description	UOM
63515	Speculum, Non-Sterile	50/Pkg
63510	Speculum, Gamma Irradiated	50/Pkg

Looking for additional Reproduction products?  
Please visit our website to view our full catalog.

## Uterine Lavage / Flushing

### Uterine Lavage / Flushing

MAI offers a line of lavage and flushing catheters to provide consumers with low cost, high value flush systems for therapeutic uterine flushing. Our concept is to deliver flushing media rapidly to the uterus during procedures as well as rapid evacuation prior to service.

#### Single Line Lavage Tubing

- Length 60"
- Large diameter or conventional sized tubing with foley adapter at one end and a non-vented spike at the opposite end
- Attaches to a large bore pipette or foley catheter
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
17410	Single Line Lavage Tubing, Rapid Flow - .300" Inside Diameter	Each
63625	Single Line Lavage Tubing - .201" Inside Diameter	Each

#### Uterine Flushing Catheter

- Length 72"
- Large bore tubing .250" I.D. with side eyelets and open end to enable complete flushing
- Non-vented spike to connect to a bag
- Halkey-Roberts® clamp to regulate flow
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
21410	Uterine Flushing Catheter	Each

Don't forget Flushing Media  
located on page 15.  
[maianimalhealth.com](http://maianimalhealth.com)

HALKEY-ROBERTS is a registered trademark of Halkey-Roberts Corporation.

## Silicone Foley Catheters & Accessories

- Used for flushing / irrigation, medication administration, and embryo collection / transfer
- Inflatable balloon
- Silicone resists deterioration and is completely inert
- Soft and pliable
- Individually packaged and gamma irradiated

Item	Product Description	UOM
21340	Silicone Catheter, 20FR, 30 cc Balloon, 3 Eyelets - 22"	Each
21346	Silicone Catheter, 28FR, 100 cc Balloon, 2 Eyelets - 80 cm	Each
21348	Silicone Catheter, 34FR, 100 cc Balloon, 2 Eyelets - 80 cm	Each
21355	Silicone Catheter, 40FR, 100 cc Balloon, 2 Eyelets - 80 cm	Each
21350	Silicone Catheter, 34FR, 100 cc Balloon, 2 Eyelets - 160 cm	Each
21360	Silicone Flushing Catheter, 28FR, 75 cc Balloon, 2 Eyelets - 135 cm	Each
21362	Silicone Flushing Catheter, 34FR, 100 cc Balloon, 2 Eyelets - 80 cm	Each
03940	Stepped Adapter for Tubing	Each

## Deep Chamber Artificial Insemination Catheter

- Deep horn insemination
- Flexible shaft to follow curve of the horn
- STIP™ Tip bulb end
- Ease in passing through cervix
- Leakproof 1/2 cc straw seating
- Length 29-3/4"
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
27525	Deep Chamber A.I. Catheter, 1 Exit Port	Each
27526	Deep Chamber A.I. Catheter, 2 Exit Port	Each

## Infusion Pipettes

### Equi-Flex Pipette with Tube Protector

- Used for deep horn insemination
- Flexible 30" insemination pipette
- Rigid pipette protector reduces vaginal contamination
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
31020	Equi-Flex Pipette with Tube Protector - 30"	25/Bag

### Flex Tip Infusion Pipettes

The syringe adapter is a friction fit, flexible PVC tube attached to a pipette and accepts any luer lock or luer slip syringe.

- Rounded and polished entry tip to minimize tissue trauma
- Individually packaged and gamma irradiated or EtO exposed or as bulk non-sterile

Item	Product Description	UOM
19051	Infusion Pipette, Flex Tip - 21", Bulk Non-Sterile	25/Bag
19052	Infusion Pipette, Flex Tip - 25", Bulk Non-Sterile	25/Bag
19053	Infusion Pipette, Flex Tip - 21", Gamma Irradiated or EtO Exposed	25/Bag
19057	Infusion Pipette, Flex Tip - 25", Gamma Irradiated or EtO Exposed	25/Bag

### Drilled Tip Pipettes

The syringe adapter is drilled into the PVC tube and accepts any luer slip or luer lock syringe.

- Low cost
- Rounded and polished entry tip to minimize tissue trauma
- Individually packaged and gamma irradiated or EtO exposed or as bulk non-sterile

Item	Product Description	UOM
19030	Infusion Pipette, Drilled Tip - 18", Bulk Non-Sterile	25/Bag
19050	Infusion Pipette, Drilled Tip - 21", Bulk Non-Sterile	25/Bag
19035	Infusion Pipette, Drilled Tip - 18", Gamma Irradiated or EtO Exposed	25/Bag
19055	Infusion Pipette, Drilled Tip - 21", Gamma Irradiated or EtO Exposed	25/Bag

## Large Bore Flex Tip Infusion Pipettes

- Accepts oral syringe or foley tip syringes
- Inside diameter is twice the size of a regular pipette

Item	Product Description	UOM
19058	Infusion Pipette, Flex Tip - 25" Large Bore, Bulk Non-Sterile	25/Bag
19059	Infusion Pipette, Flex Tip - 25" Large Bore, Gamma Irradiated or ETO Exposed	25/Bag

## Equine Artificial Insemination & Infusion Kits

Kits are used in artificial insemination of a mare. Individually packaged and gamma irradiated.

**Infusion Kit** includes: one 21" insemination pipette with flexible syringe adapter and one sleeve

**Artificial Insemination Kit** includes: one 21" insemination pipette with flexible syringe adapter, one sleeve, and one all plastic, non-spermicidal syringe

Item	Product Description	UOM
19524	Infusion Kit with Yellow Sof™ Sleeve	10/Bag
19525	Infusion Kit with Ultra-Sens™ Sleeve	10/Bag
16010	Infusion Kit with Shyr™ Pro-Max Sleeve	10/Bag
19526	Artificial Insemination Kit with 60 cc Syringe	10/Bag

## Syringe Caps

Syringe Caps attach to syringe tip to allow for safe transport and/or dispensing of medication.

Item	Product Description	UOM
02201	Cap for Luer Lock Tip Syringe	1,000/Bag
02202	Cap for Luer Lock Tip Syringe	500/Vial
02203	Cap for Luer Lock Tip Syringe	100/Vial
02204	Cap for Luer Slip Tip Syringe	1,000/Bag
02205	Cap for Luer Slip Tip Syringe	500/Vial
02206	Cap for Luer Slip Tip Syringe	100/Vial
60807	Cap for Oral Foley Tip Syringe	1,000/Bag
60808	Cap for Oral Foley Tip Syringe	500/Vial
60809	Cap for Oral Foley Tip Syringe	100/Vial

## 2-Piece All Plastic Syringes

### Pro-Ject™ 2-Piece Syringes - Luer Slip & Luer Lock Tips

A non-spermicidal, non-embryocidal syringe commonly used in artificial insemination (A.I.) and embryo transfer (E.T.) applications.

- Shorter stroke makes syringability easier
- Larger finger grips
- Economical for one-time disposable use
- 2-piece all plastic syringe
- Individually packaged and gamma irradiated
- Available in Luer Lock or Luer Slip tips

Item	Product Description	UOM
60020	Pro-Ject™ 2-Piece Syringe, Luer Slip Tip, 15 cc, Gamma Irradiated	100/Box
60021	Pro-Ject™ 2-Piece Syringe, Luer Lock Tip, 15 cc, Gamma Irradiated	100/Box
60040	Pro-Ject™ 2-Piece Syringe, Luer Slip Tip, 35 cc, Gamma Irradiated	50/Box
60041	Pro-Ject™ 2-Piece Syringe, Luer Lock Tip, 35 cc, Gamma Irradiated	50/Box
60060	Pro-Ject™ 2-Piece Syringe, Luer Slip Tip, 60 cc, Gamma Irradiated	30/Box
60061	Pro-Ject™ 2-Piece Syringe, Luer Lock Tip, 60 cc, Gamma Irradiated	30/Box
60080	Pro-Ject™ 2-Piece Syringe, Luer Slip Tip, 80 cc, Gamma Irradiated	25/Box
60081	Pro-Ject™ 2-Piece Syringe, Luer Lock Tip, 80 cc, Gamma Irradiated	25/Box

Luer Slip Tip

Luer Lock Tip

Oral Foley Tip

### Pro-Ject™ 2-Piece Syringes - Oral Foley Tip

- Oral foley tip syringes are non-sterile
- Fits into the end of a foley catheter

Item	Product Description	UOM
60022	Pro-Ject™ 2-Piece Syringe, Oral Foley Tip, 15 cc	100/Box
60042	Pro-Ject™ 2-Piece Syringe, Oral Foley Tip, 35 cc	50/Box
60062	Pro-Ject™ 2-Piece Syringe, Oral Foley Tip, 60 cc	25/Box
60082	Pro-Ject™ 2-Piece Syringe, Oral Foley Tip, 80 cc	25/Box

### EMCARE™ Complete Ultra Flushing Solution

- Contains New Zealand Bovine Serum Albumin providing surfactant and embryo protective properties with binding sites absorbing plasticizers, endotoxins, and proteases
- MOPS buffered flushing solution
- Contains Kanamycin Sulfate and 0.1% New Zealand Bovine Serum Albumin
- Media is sterile-filtered
- Patented

Item	Product Description	UOM
22060	EMCARE™ Complete Ultra Flushing Solution, 1 Liter Bag	Each
22062	EMCARE™ Complete Ultra Flushing Solution, 2 Liter Bag	Each

### EMCARE™ BioFree Flushing Solution

- Contains no items of biological origin
- Contains PVA as a substitute for Bovine Serum Albumin
- PVA exhibits the same surfactant activity without the risk of introducing adventitious viral agents or other biochemical contaminants
- Contains Kanamycin Sulfate and PVA
- MOPS buffered flushing solution
- Media is sterile-filtered

Item	Product Description	UOM
22065	EMCARE™ BioFree Flushing Solution, 1 Liter Bag	Each
22067	EMCARE™ BioFree Flushing Solution, 2 Liter Bag	Each

### Bio Em™ Complete Flushing Media

- Ready-to-use MOPSO buffered flushing solution
- Contains Glucose, Sodium Pyruvate, Kanamycin Sulfate, and Bovine Serum Albumin
- Bags are made of EVA material and have a spike port as well as an injection port for ease of use
- Available in three convenient package options
- Media is sterile-filtered

Item	Product Description	UOM
22020	Bio Em™ Complete Flushing Media, 1 Liter Bottle	Each
22021	Bio Em™ Complete Flushing Media, 1 Liter Bag	Each
22022	Bio Em™ Complete Flushing Media, 2 Liter Bag	Each

## Straws & Transfer Guns

### Straws

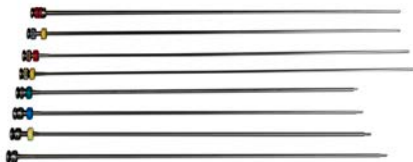

- Two straw sizes: 1/4 cc and 1/2 cc
- Uses a wick-and-powder method to seal contents
- Available gamma irradiated or non-sterile and in various package sizes
- All uncut straws are 5-1/4" long

Item	Product Description	UOM
04158	Straw, Clear - 1/2 cc	100/Bag
04155	Straw, Yellow - 1/2 cc	100/Bag
04164	Straw, Transparent Yellow, D.T. - 1/4 cc, Gamma Irradiated	50/Bag
04166	Straw, Clear - 1/4 cc, Gamma Irradiated	50/Bag
04168	Straw, Clear - 1/2 cc, Gamma Irradiated	50/Bag

### Cuozzo Guns & Embryo Transfer Mini Guns

- Straw is retained in the gun with a sheath that envelopes the outer diameter of the gun, securing the straw in place
- Stainless steel
- Use with standard 1/4 cc or 1/2 cc straws

Item	Product Description	UOM
04150	Cuozzo Gun, 1/4 cc - 21"	Each
04152	Stainless Steel Implant Gun, 1/2 cc - 21"	Each
04805	Embryo Transfer Mini-Gun, Deep Chamber	Each
04811	Embryo Transfer Mini-Gun, 1/4 cc	Each

### Standard & Metallic Tip Sheaths

- Outer plastic shell for a Cuozzo or implant gun that retains a loaded straw within the gun
- End or side delivery for 1/4 cc or 1/2 cc straws

Item	Product Description	UOM
04151	Standard Sheath, 1/2 cc - 21"	5/Pkg
04169	Metallic Tip Sheath, 1/4 cc Side Delivery, Clear - 21"	5/Pkg
04814	Metallic Tip Sheath, 1/4 cc Side Delivery, Blue - 21" (fits #04805 & #04811 Mini-Guns)	5/Pkg
27530	Metallic Tip Sheath, 1/4 cc Side Delivery, Blue - 21" Individually Packaged (fits #04805 & #04811 Mini-Guns)	5/Pkg

## Glide™ - OB Lube & Ultrasound Transmission Gel

- Lubricant for gynecological and reproductive procedures in all species
- Ideal for use with Ultrasonic Probes and cost effective compared to other transmission gels
- Non-spermicidal
- Ideal pH
- Ideal lube for semen collections
- Water-soluble, colorless, odorless, and stainless
- Irritation-free lubricant

Item	Product Description	UOM
17236	Glide™ Lubricating Jelly - 5 oz	Each
17238	Glide™ Lubricating Jelly - Gallon	Each

## Dr. Larson's™ OB Lube

- Non-irritating, greaseless lubricant for hand, arm, and instrument use when performing obstetrical or rectal examinations
- Used to minimize irritation to user's skin and animal mucous membranes
- Used in artificial insemination, gynecological, and ultrasound procedures
- Non-spermicidal, non-embryocidal, and bacteriostatic
- Water-soluble
- For animal use only
- Available in pint or gallon sizes

Item	Product Description	UOM
17230	Dr. Larson's™ OB Lube - Pint	Each
17210	Dr. Larson's™ OB Lube - Gallon	Each
04605	Pump for Gallon Jug	Each

## Sleeves

### Shoulder-Length Plastic Sleeves - Non-Sterile or Gamma Irradiated

A complete selection of shoulder-length, disposable sleeves in assorted materials and thicknesses used for various large animal procedures. All gamma irradiated sleeves are individually packaged.

#### Ultra-Sens™ Sleeves

- 1 mil copolymer
- Length 36"
- Super sensitive feel
- Clear
- Non-sterile or gamma irradiated

Item	Product Description	UOM
19535	Ultra-Sens™ Sleeve	100/Box
19532	Ultra-Sens™ Sleeve - Gamma Irradiated	25/Bag

#### Yellow Sof™ Sleeves

- 1 mil copolymer
- Length 36"
- Super sensitive feel
- Yellow
- Non-sterile or gamma irradiated

Item	Product Description	UOM
32206	Yellow Sof™ Sleeve	50/Bag
19225	Yellow Sof™ Sleeve - Gamma Irradiated	25/Bag

#### Poly Sens Sleeve, Blue

- 1.25 mil polyethylene
- Length 35"
- Non-sterile

Item	Product Description	UOM
32216	Poly Sens Sleeve, Blue	100/Bag

### Magnum Sleeve, Brown

- 1.25 mil copolymer
- Length 39"
- High sensitivity and durability
- Brown
- Non-sterile

Item	Product Description	UOM
32213	Magnum Sleeve, Brown	100/Bag

### Gripper™ Shoulder-Length Plastic Sleeves - Non-Sterile or Gamma Irradiated

Disposable sleeve with a comfortable elastic band that retains the disposable sleeve onto the user's arm without the use of shrouds, hemostats, or other devices. Simple yet effective for maintaining sleeve positioning.

- Ideal for prolonged use
- Non-sterile or gamma irradiated

### Gripper™ Ultra-Sens™ Sleeves

- 1 mil copolymer
- Length 36"
- Super sensitive feel
- Clear
- Non-sterile or gamma irradiated

Item	Product Description	UOM
32100	Gripper™ Ultra-Sens™ Sleeve	25/Bag
32110	Gripper™ Ultra-Sens™ Sleeve - Gamma Irradiated	25/Bag

## Equine Power Dental Systems

Veterinary Dental Products is proud to offer a variety of power dental systems to fit the needs of practitioners interested in Equine Dentistry. We offer a wide range of products from the Power Handle™ to the Flexi-Float™ Ultra to complement all skill levels from the novice to the advanced professional.

In addition to equipment, we are committed to the advancement and training of veterinarians and technicians by sponsoring educational wet labs throughout the year.

### Tri-Tip Grinder Kits

The Tri-Tip Grinder Kit is a unique grinder kit used to smooth out the molars, incisors, and canine teeth in all areas of the dental arcade from miniature to draft horses. Its knurled ultra slim profile guard measures 18" long. The kit includes your choice of interchangeable protective shrouds measuring 3/8", 1/2", or 5/8" diameter and a removable knurled handle measuring 6-1/4" long. Also offered is a choice of a 6" long cylindrical diamond chip burr 3/8", 1/2", or 5/8" in diameter and a 1" hand piece. The grinder is powered by a key drive external motor and can be used with any power unit: Veterinary Dental Products Flex-Shaft Motor, Dremel®, or Foredom™. Additional shrouds and burrs are available separately. Motors also sold separately.

Item	Product Description	UOM
53080	Tri-Tip Grinder Kit, 1/2" Shroud, 18" Length	Each
53081	Tri-Tip Grinder Kit, 3/8" Shroud, 18" Length	Each
53082	Tri-Tip Grinder Kit, 5/8" Shroud, 18" Length	Each
53387	Cylindrical Burr, 1/2" Diameter, 6" Length, Split Blue Diamond	Each
53388	Cylindrical Burr, 3/8" Diameter, 6" Length, Split Blue Diamond	Each
53389	Cylindrical Burr, 5/8" Diameter, 6" Length, Split Blue Diamond	Each

### Power Motor & Accessories

- Lower cost, high value power motor that equals in durability to Dremel® or Foredom™
- Powerful, compact, and lightweight
- Available in either 110-Volt or 220-Volt
- Motor includes one inner replacement cable

Item	Product Description	UOM
53096	Power Motor with Foot Pedal	Each
53097	Motor Inner Cable - 60"	Each
53098	Motor Outer Cable - 60"	Each
53055	Motor Foot Pedal	Each

## Power Handle™ Rotary Floats & Accessories

The Power Handle™ instrument is an economical burr power system available in three sizes for accessibility to the incisors, premolars, and molars.

- Includes a removable 2" soft tissue guard to protect a horse's cheek
- Constructed of heavy duty stainless steel
- 5/8" x 2" carbide cut solid burr included. Diamond chip burr upgrade is available
- Powered by a key drive
- Motor sold separately

Item	Product Description	UOM
53090	Power Handle™ Rotary Float, 7-1/2" Length	Each
53091	Power Handle™ Rotary Float, 10" Length	Each
53092	Power Handle™ Rotary Float, 17-1/2" Length	Each
53093	Cylindrical Burr, 5/8" Diameter, 2" Length, Carbide	Each
53094	Cylindrical Burr, 5/8" Diameter, 2" Length, Diamond	Each
53381	Cut-Off Wheel Mandrel	Each
53382	Cut-Off Wheel, 2" for Power Handle™, Diamond	Each

## De-MaX III Reciprocating Float

De-MaX III Reciprocating Float is the replacement product for the well received Mini Mac II which has been offered for years. With the Makita® reciprocating system being discontinued by the manufacturer, we chose to establish a new, reliable, and improved reciprocating system utilizing DeWalt® technology.

- Three different handle angles for ease in use
- Motor has been modified from a 9/16 stroke to a 3/8 stroke
- Low profile allows the user complete maneuverability around the dental arcade
- Excellent for removing caudal hooks and for finishing upper and lower molars
- Battery powered with speed control
- Kit includes:
  - ◆ 19" Float Shafts; 1 Straight and 1 Angled (2)
  - ◆ Batteries (2)
  - ◆ Charger
  - ◆ Fine Radius End Low Profile Blades (2)
- NEW - Float Shafts with length reduced by 6" now available

Item	Product Description	UOM
53002	De-MaX III Reciprocating Float	Each

## Versa-Float™ Kit

The Versa-Float™ dental system is the latest advancement in Equine Dentistry, providing practitioners a mobile instrument to enhance floating techniques. The Versa-Float™ dental system delivers a new standard to power dental instruments. The variable speed unit is controlled by the trigger on the pistol-grip handle, allowing the practitioner more control and accuracy in the mouth. Kit customization available.

Complete Kit includes:

- Versa-Float™ Platform Motor
- Irrigation System for the Disc Shaft
- Irrigation System for the Mini Angle Shaft
- Ingersoll-Rand® Charger
- Maintenance Tool Set
- Versa-Float™ Disc Shaft with 1" Diamond Disc
- Versa-Float™ Mini Angle Shaft with 5/8" Diamond Disc
- Ingersoll-Rand® Li-Ion Batteries (2)
- Carrying Case

Item	Product Description	UOM
53079	Versa-Float™ Kit, Large & Small Heads with Platform & Irrigation	Each
53075	Versa-Float™ Kit, Large Head with Platform	Each
53076	Versa-Float™ Kit, Large Head with Platform & Irrigation	Each
53077	Versa-Float™ Kit, Small Head with Platform	Each
53078	Versa-Float™ Kit, Small Head with Platform & Irrigation	Each
53028	Versa-Float™ Angle Attachment for Large Head	Each
53029	Versa-Float™ Irrigation Attachment for Large Head	Each
53030	Versa-Float™ Angle Attachment for Small Head	Each
53031	Versa-Float™ Irrigation Attachment for Small Head	Each

For more information on Burrs and Discs for the Flexi-Float™ Ultra Complete and Versa-Float™ Kit, please visit our website or contact us to request our full catalog.  
[maianimalhealth.com](http://maianimalhealth.com)

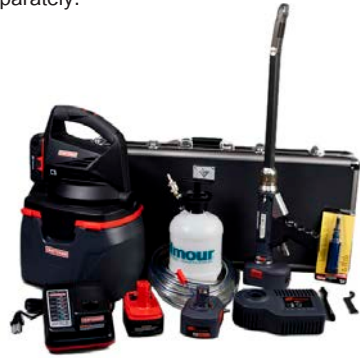

### Flexi-Float™ Ultra Complete Kit

The Flexi-Float™ Ultra is a lightweight, compact, all-in-one, battery-powered float system. The slender design and movable disc angle allows practitioners to maneuver around the dental arcade, along with its shaft which rotates 180 degrees for use on both the upper and lower arcade. This well balanced system has fully integrated irrigation, suction, and trigger speed control which allows for quick removal of hooks in the mouth. The Flexi-Float™ Ultra is battery powered making it completely mobile. The rechargeable Li-Ion battery lasts between 8-10 horses. The diamond discs are smoother and last longer than carbide discs and can be quickly changed out in the field, taking less than one minute. The unit weighs approximately 6 pounds with the battery attached and requires minimal maintenance. Clean daily and grease after every 100 uses. Aluminum carrying case sold separately.

Complete Kit includes:

- Flexi-Float™ Ultra
- Li-Ion Batteries for Flexi-Float™ Ultra (2)
- Battery Charger for Flexi-Float™ Ultra
- Battery-Powered Vacuum
- Li-Ion Batteries for Vacuum (2)
- Battery Charger for Vacuum
- Irrigation System
- Maintenance Kit (Grease Gun, Brush, and Wrench)
- Protective Aluminum Carrying Case
- Instruction Manual

Item	Product Description	UOM
53050	Flexi-Float™ Ultra Complete Kit	Each

### Flexi-Float™ Ultra Aluminum Case

Item	Product Description	UOM
53051	Flexi-Float™ Ultra Aluminum Case	Each

## Equine Periodontal System

### Equine Periodontal System

The Equine Periodontal System is for use in the diagnosis and treatment of periodontal disease and endodontic procedures in horses. The system is complete and ready to use - the user only needs to supply a tank of nitrogen.

- High speed handpiece with an equine extension
- Handpiece length is designed for equine usage
- Air/Water Handpiece has both short and long extension
- Air abrasion handpiece has an equine extension
- Vacuum handpiece
- Large pneumatic tires roll easily across uneven work surfaces
- Handpiece console unit easily detaches from cart and may be used alone or as a counter top unit
- Utilize Ultra Scale™ Solution to maintain water lines and systems free from scale and debris including Biofilm
- Adjustable height console on mobile cart
- Complete with all regulator gauges

Item	Product Description	UOM
53060	Equine Periodontal System with Cart	Each
53061	Equine Periodontal Cart	Each

*For handpieces and accessories for the Equine Periodontal System, please visit our website or contact us to request our full catalog!*

*Don't forget Ultra Scale™ Solution for all of your dental cleaning needs. See page 31 for more information.*

[maianimalhealth.com](http://maianimalhealth.com)

### AlumiSpec™

- Constructed of lightweight aircraft aluminum, net weight of four pounds
- Durability is not compromised by lightweight design - able to withstand bending forces in dental procedures
- Use of replaceable synthetic straps in the “cinch-lock” locking system allows for infinite degrees of access to the animal’s oral cavity
- Easy to clean and is pliable at all temperatures
- May be used on all sizes of horses from mini to draft
- Patented

Item	Product Description	UOM
53600	AlumiSpec™ Equine Speculum	Each
53602	AlumiSpec™ Replacement Opening Latch Strap	Each
53603	AlumiSpec™ Cam Buckle for Opening Latch Strap	Each
53676	AlumiSpec™ Replacement Poll Strap	Each

### Spec BiteLite™ / Magnetic Spec BiteLite™

- Fits most styles and sizes of speculums by attaching magnetically to the upper bite plate
- Contains 2 LED lights
- Uses 3 “AA” replaceable batteries
- Manufactured of heavy, durable plastic and is water resistant
- Metal protective plate prevents the light from equipment damage
- Magnetic light uses 2 neodymium magnets rated at 16.63 pounds of pull force
- Coiled cord adds more flexibility

Item	Product Description	UOM
53420	Spec BiteLite™	Each
53425	Magnetic Spec BiteLite™	Each

### Deluxe Spec BiteLite™

- Designed to replace the bite plates on a speculum
- Uses 4 “AA” batteries and is water resistant
- Bite plates are deluxe, providing better retention of the horse’s incisors
- LED light is extremely bright, illuminating the full arcade

Item	Product Description	UOM
53421	Deluxe Spec BiteLite™	Each

## Dental Headlights

### Dental Headlights

Veterinary Dental Products offers an extensive line of custom built Headlights for Equine Dentistry. These Headlights are simple, functional, and reliable. Any of our Headlights may be used in other species and applications.

#### Dual LED Headlight

- Features two slim-line LED spot lights mounted vertically following the nose line
- Lightweight headlight offers exceptional brightness
- Fully adjustable headband comfortably fits all head sizes

Because LED lighting requires minimal electricity, the light has a 3 "AA" battery power pack mounted directly on the headband. A model with a belt-mounted battery for longer life is also available in two configurations - one with a single battery and one with a Battery Pack (2 batteries and a charger).

Item	Product Description	UOM
53422	Dual LED Headlight	Each

#### Dual LED Headlight Kit with Makita® Battery Pack

Item	Product Description	UOM
53423	Dual LED Headlight Kit with Makita® Battery Pack	Each

#### Dual LED Headlight Kit with Makita® Battery Pack & Charger

Item	Product Description	UOM
53424	Dual LED Headlight Kit with Makita® Battery Pack & Charger	Each

*We offer products from a variety of manufacturers,  
from one convenient source!*

*Please visit our website for more information.*

*[maianimalhealth.com](http://maianimalhealth.com)*

### Equine Head Rest, Cradle Style

- Constructed of lightweight aluminum
- Features a tip resistant base, twist-proof square shank, and height adjustable lock
- Powder coated for ease in clean up
- Quickly disassembles for transportation or storage
- Large padded platform provides a large resting area for horse's head
- Platform with gradually sloping sides holds a sedated horse securely and places less strain on the mandible

Item	Product Description	UOM
53433	Equine Head Rest & Base, Cradle Style	Each
53434	Replacement Cover & Pad, Cradle Style	Each

### Equine Diagnostic Kit

Kit includes:

- Mouth Mirror
- Replacement Mouth Mirror
- Needle Picks (2)
- 12" Alligator Forceps
- Periodontal Probe
- Explorer
- Carrying Case
- Optional Scaler

Item	Product Description	UOM
53400	Equine Diagnostic Kit	Each

*For additional Head Rests (Standard, Free Standing, and Suspended) and Accessories, please visit our website or contact us to request our full catalog!*

*The instruments included in the Equine Diagnostic Kit may also be sold separately.*  
[maianimalhealth.com](http://maianimalhealth.com)

## Hand Instruments

Veterinary Dental Products offers a range of uniquely designed instruments for equine usage.

### Incisor & Wolf Tooth Elevator Set

- Designed to be used with a speculum
- Length 13"
- Set includes a right and left configuration elevator

Item	Product Description	UOM
53653	Extended Wolf Tooth Elevator Set	Each
53653S	Extended Wolf Tooth Elevator Set, Short	Each

### Extended Molar / Fragment Elevator Set

- Designed to remove a tooth fragment from an extracted molar's socket
- Set includes four configurations: vestibular, mesial, distal, and lingual
- 20" length with a 3" elevator blade provides leverage required to remove fragments
- Constructed of stainless steel
- Made in the U.S.A.

Item	Product Description	UOM
53654	Extended Molar / Fragment Elevator Set	Each

### Incisor Elevator Set

Item	Product Description	UOM
53645	Incisor Elevator Set	Each

Looking for additional Wolf Tooth Elevators?  
Please visit our website to view our full catalog!

**Wolf Tooth Forceps**

- Designed to be used with a speculum
- Length 13"
- Set includes a right and left configuration elevator

Item	Product Description	UOM
53520	Wolf Tooth Forceps	Each

**4-Prong Extraction Forceps, 19"**

- Ideal forcep with excellent grip
- Grips short crowned geriatric and some fractured teeth

Item	Product Description	UOM
53510	4-Prong Extraction Forceps, 19"	Each

**Fragment Forceps, Slim**

- Provides access to fragments deep in the alveolus

Item	Product Description	UOM
53524	Fragment Forceps, Slim, 4 cm	Each
53525	Fragment Forceps, Slim, 6 cm	Each
53526	Fragment Forceps, Slim, 8 cm	Each

**Fulcrum Set**

- Multiple fulcrum heads fit most extraction needs
- Angled and notched surface keeps fulcrum in place

Item	Product Description	UOM
53528	Fulcrum Set	Each

**Mesial Spreader, Standard, 3 mm**

- Specifically designed to keep most of the pressure on the tooth designated for extraction

Item	Product Description	UOM
53515	Mesial Spreader, Standard, 3 mm	Each

*Additional Forceps and Spreaders available.

## Equine Hand Floats

### Equine Hand Floats

We offer a range of Hand Floats and Blades. Conventional, disposable, and reduced size specialty disposable blades provide a greater cut with every stroke.

#### “MS” Hand Floats

- Crafted in Australia of high quality stainless steel
- Uses an Australian standard 3-1/4” or 2” size blade
- Single-piece heavy duty, solid stainless steel shaft and head construction creates a sturdy, durable float
- Flat handle shaft assists user in guiding the blade along the teeth
- Large stainless steel handle with rubberized bands for durability and comfort
- Round flat head minimizes discomfort to the horse
- Blade is secured to the float by two screws
- Blades sold separately

Item	Product Description	UOM
53201	“MS” Hand Float #1, Pistol Grip, 16” Length (3-1/4”) Blade	Each
53203	“MS” Hand Float #3, Straight, 15” Length (3-1/4”) Blade	Each
53204	“MS” Hand Float #4, Back Angle, 11” Length (3-1/4”) Blade	Each

#### The Edge Equine™ Floats

- Lighter in weight than traditional floats with blades
- Lower in profile than traditional floats
- Smaller blades for easier maneuverability than traditional floats
- Blades available in a range of sizes, shapes, and grades
- Handle available in 24 lengths and configurations

#### The Edge Equine™ Dental Float, -27 Degree Head, 13-1/4” Length

- 1/2” Stainless Rod, E-Series 40 mm (1-1/2”) Blade

Item	Product Description	UOM
53229	The Edge Equine™ Dental Float, -27 Degree Head, 13-1/4” Length 1/2” Stainless Rod, E-Series 40 mm (1-1/2”) Blade	Each

For additional Hand Floats and Disposable Blades,  
please visit our website to view our full catalog!  
[maianimalhealth.com](http://maianimalhealth.com)

### Equine Skull Model & Teeth Set

- Ideal for staff and client education
- Removable and replaceable teeth depict many forms of dental malocclusion and other dental abnormalities
- Replaceable teeth may be used in training techniques for manual and mechanical instruction. Feel and composition provides tactile feel in various dental methods
- Molded life size skull includes teeth which are functionally similar to equine teeth
- Patented

Item	Product Description	UOM
53900	Equine Skull Model	Each
53901	Replacement Teeth Set for Equine Skull Model	Each

### Equine Dental Chart

Item	Product Description	UOM
53800	Equine Dental Chart	50/Pack

### Ultra Scale™ Solution

- Inhibits bacteria that cause plaque and cavities and contains a special lubricant for scaling and cutting
- Ideal for use with Flexi-Float™ Ultra, Versa-Float™, Equine Periodontal System or any other dental instrument delivering water and aspirating lines keeping them clean for extended usage
- Removes Biofilm that builds up in the patient's mouth and equipment
- Prevents build up of residue in dental lines
- Inhibits growth of Biofilm and other microbes
- Disinfects teeth while masking mouth odor
- Chlorhexidine-free
- Mix with water and add directly to dental unit reservoir
- May be used in all makes of dental machines

Item	Product Description	UOM
54270	Ultra Scale™ Solution - 8.5 oz (250 ml) Bottle	12/Case

## VDP Express Equine Portable Treatment Stock

- Portable for the restraint of animals during procedures
- Use with reproduction examinations / breeding or dental procedures
- Restraint of fractious animals for a variety of procedures:
  - ◆ Lower Limb Wound Management
  - ◆ Farrier
  - ◆ Clipping
- Lightweight and durable
- Easy to clean
- Easy to move
- Padded gate
- Stainless steel
- Long life with proper cleaning and usage

Item	Product Description	UOM
51800	VDP Express Equine Portable Treatment Stock	Each

## McCulloch Medical™ Aspirator / Resuscitators

The McCulloch Medical™ Aspirator / Resuscitator is the effective, all-in-one device used to clear respiratory passages and pump air into a struggling newborn animal's lungs. The Aspirator / Resuscitator has been developed, tested, and proven globally over 16 years for use with newborn animals in respiratory arrest or having difficulty breathing. Ideal for use with animals requiring resuscitation in post-trauma, drowning, or smoke-inhalation status. This simple and convenient instrument aspirates on one end and resuscitates on the other, delivering an appropriate volume of air with or without oxygen. McCulloch Medical™ Aspirator / Resuscitator Pumps are available in four sizes based on the weight of the animal and can be matched with a variety of Aspirator / Resuscitator Mask sizes. A vital tool for all veterinarians, farmers, breeders, and pet owners.

- Easy-to-use and convenient – only one person is needed to operate system using simple push-pull action
- Safe, effective, and humane – eliminates traditional revival methods such as shaking or swinging
- Every system is tested for volume delivery and safety according to tidal volume / lung capacity
- Pumps and Masks are long lasting and durable - accompanied by a 2-year replacement warranty
- Easily cleaned in 1:20 solution of bleach and water
- Supplemental Oxygen Adapter available, offering ability to resuscitate with or without oxygen
- May be purchased in a convenient kit specific to each animal species

## Foal Aspirator / Resuscitator Kit with Oxygen Recovery Mask

Kit includes: Aspirator / Resuscitator Pump, Aspirator Mask, Resuscitator Mask, Supplemental Oxygen Adapter, Oxygen Recovery Mask, Carrying Case, and instructions.

Item	Product Description	UOM
55301	Aspirator / Resuscitator Kit, Foal	Each

*"I don't believe either of these (the two foals it was used on) would be alive without the foal resuscitator. I want to thank you for making available such a useful and life-saving product."*

*-Sharon Wilson, Breeding Manager,  
Horizon Farms Inc., Barrington, Illinois*

## Lamb / Kid / Alpaca / Cria / Miniature Foal Aspirator / Resuscitator Kit

Kit includes: Aspirator / Resuscitator Pump, Aspirator Mask, Re-suscitator Mask, Carrying Case, and instructions. Supplemental Oxygen Adapter and Oxygen Recovery Mask sold separately.

Item	Product Description	UOM
55320	Aspirator / Resuscitator Kit, Lamb, Kid, Alpaca, Cria, Miniature Foal	Each

## Aerosol Therapy Masks

- Side port accepts both a metered-dose inhaler (MDI) and 22 mm connector to nebulizer
- Mask body is manufactured from durable polycarbonate
- Diaphragm is made from tear-resistant thermoplastic material and is inert with polycarbonate for longer life
- Easily cleaned in 1:20 solution of bleach and water
- 2-year replacement warranty

\*Nebulizer and medicine not included

Item	Product Description	UOM
55352	Aerosol Therapy Mask - Small	Each
55354	Aerosol Therapy Mask - Large	Each

### The Patented McCulloch Medical™ Animal Resuscitators have won the following international awards:

- Best Prototype - National Agricultural Fieldays, New Zealand
- Best New Equipment - National Agricultural Fieldays, New Zealand
- Best New Product - Royal Welsh Agricultural Show, UK
- D.L.G. Innovation Award - EuroTier, Germany
- Best New Product - Balmoral Royal Agricultural Show, Ireland
- Best Product of Show - Balmoral Royal Agricultural Show, Ireland
- Best Technical Innovation Award - Royal Highland Show, Edinburgh, Scotland
- First Prize Most Innovative Horse Care Product - Equitana, Louisville, Kentucky, USA
- Gold Medal - International Exhibition of Inventions Geneva, Switzerland
- SONY NZ Excellence in Innovation Award

## Med-Eze™ Stomach Pump

- Hose connection accommodates various size stomach tubes
- Dual Action: may be used to pump fluids or with accessory Suction Adapter (#76816) can extract stomach content or uterine fluid
- Durable stainless steel construction
- Easy, consistent draw and delivery
- Reduces arm and shoulder fatigue
- Each stroke delivers 335 ml

Item	Product Description	UOM
34124	Med-Eze™ Stomach Pump	Each
76816	Suction Adapter	Each

Component and replacement parts are available for the Med-Eze™ Stomach Pump systems. Please contact us for more information.

## Silicone Stomach Tubes

Stomach tubes are used primarily with equine and bovine to deliver large fluid volumes to an animal that is dehydrated from a disease process or surgical procedure. By placing the tube in a patient's stomach and utilizing pumps or gravitational flow, one can readily deliver large volumes of fluids successfully.

- Silicone is completely inert and resists deterioration, works well even in extreme cold weather
- Steam sterilize or wash with mild soap and water
- Attaches to the Med-Eze™ Stomach Pump to pump fluid, or if used with Suction Adapter, to extract fluids

Item	Product Description	UOM
39570	Silicone Stomach Tube, Small, 6-1/2 mm x 10 ft	Each
39571	Silicone Stomach Tube, Medium, 9-1/2 mm x 10 ft	Each
39572	Silicone Stomach Tube, Large, 11 mm x 10 ft	Each

## EMT Large Animal IV Giving Set

- Disposable double spike IV fluid delivery system designed for large animal fluid administration
- Spiked, vented 20 drops/ml drip chamber
- Halkey-Roberts® clamp to regulate flow
- Total length with coil extended is 157"
- Roller clamp to adjust drip rate
- Injection port
- Luer lock needle adapter
- Spike securing straps
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
39006	EMT Large Animal IV Giving Set	Each

## IV Giving Set with Drip Chamber

- Large bore
- Luer slip
- Injection port
- 20 drops/ml vented drip chamber
- Tubing length approximately 5 ft
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
39000	IV Giving Set with Drip Chamber, 64"	Each

## IV Giving Set Long with Drip Chamber & Injection Port

- Roller clamp regulating flow
- Clear vented drip chamber
- Tubing length approximately 7 ft
- Injection port
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
39018	IV Giving Set Long with Drip Chamber & Injection Port, 84"	Each

## IV Fluid Delivery

### Large Bore IV Set

- Luer lock tip
- Large bore spike
- 72" length tubing with drip chamber
- Flow rate for 1 liter bag: 1 minute 10 seconds with 10 gauge needle
- Halkey-Roberts® clamp to control flow rate
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
40200	Large Bore IV Set, Single Line with Drip Chamber	Each

### Jug Pumps

- Quick, efficient method of pressurizing a bottle or bag for rapid input of liquids
- Useful for therapeutic flushing or infusion
- Control valve allows release of pressure without disconnecting bulb or tubing
- Available with or without drip chamber
- Luer slip needle adapter

Item	Product Description	UOM
05145	Jug Pump with Drip Chamber	Each
05148	Jug Pump without Drip Chamber	Each

*Jug Pump with Drip Chamber is a giving set!  
 Jug Pump by itself attaches to any of our giving sets to  
 pressurize the fluids for more rapid IV delivery.  
[maianimalhealth.com](http://maianimalhealth.com)*

## Umbilical Clamps

- Used to seal the umbilicus of newborns to reduce exposure to the environment and to prevent disease infiltration
- Enhances the umbilicus' healing process and reduces the potential for umbilical hernias
- Designed to be applied with the Umbilical Clamp Applicator to assure secure closure

Item	Product Description	UOM
14500	Umbilical Clamp Applicator	Each
14505	Umbilical Clamp, Pig / Sheep	25/Bag
14510	Umbilical Clamp, Calf / Foal	10/Bag

## Handi-Dipper™

The easy and simple method for dipping newborn's umbilical cord.

- Non-return cup allows use on single animal; solution remaining in cup is discarded
- Reduces the potential for contaminated Iodine
- Better husbandry methods
- Squeezable bottle and tube deliver a maximum of 30 ml, filling cap without splashing
- Attached hook allows easy hanging
- 400 ml capacity, low density polyethylene bottle

Item	Product Description	UOM
42610	Handi-Dipper™	Each

## Enema Zip Top Bag with Foal Tip

- Critical care fluid delivery system
- System also used for uterine therapeutic procedures
- Large diameter tubing for rapid flow with attached enema tip end
- Graduated 2-1/2 liter PVC bag with ziplock closure
- Fluid exit port located at the base of bag
- Probe outflow is a uniquely designed tip which may be used orally or for a high volume enema
- Plastic handle for holding or hanging
- Halkey-Roberts® clamp to regulate flow
- Tapered enema bulb for ease in insertion without irritation

Item	Product Description	UOM
05215	Enema Zip Top Bag with Foal Tip, 2-1/2 Liter	Each

## DVM Rapid Test™ II

### DVM Rapid Test™ II Multi-Test Analyzer Kit & Accessories

Introducing the Next Generation DVM Rapid Test™ II. Capable of performing Serum / Plasma IgG, Colostrum IgG, and sperm concentration on multiple species.

- Portable, turn key, and battery-operated hand-held analyzer kit
- Lightweight portable case contains all components required to perform test
- Low cost and simple to operate
- All tests may be performed in 10 minutes or less
- Proven accuracy
- Simple, one-step test procedure
- Test kits sold separately
- Direct reading of results; no charts needed
- Wireless data transfer allows transfer of test results directly to computer
- Available soon: DVM Rapid Test™ II Sperm Concentration with the ability to perform Equine, Bovine, Canine, and Porcine Sperm Concentration

Item	Product Description	UOM
49030	DVM Rapid Test™ II Multi-Test Analyzer Kit	Each

### Serum / Plasma & Colostrum IgG Test Kits - Equine

Item	Product Description	UOM
49500-1	Serum / Plasma IgG Test Kit - Equine	12/Box
49501-1	Serum / Plasma IgG Test Kit - Equine	18/Box
49505-1	Colostrum IgG Test Kit - Equine	12/Box

### Sperm Concentration Test

Item	Product Description	UOM
49510-1	Sperm Concentration Test - Bovine, Equine, Porcine, & Canine	25/Box

For additional IgG Test Kits for Bovine and Camelid, please visit our website for more information.  
[maianimalhealth.com](http://maianimalhealth.com)

## Endoscopic Aspiration Kits

Designed to allow collection of cytology samples by aspiration of fluids through the biopsy channel of a flexible fiber-optic endoscope.

- Thin-wall plastic tube with a luer connector at proximal end
- Stainless steel stylet used to assist in passage through the biopsy channel
- Approximately 35 cm longer than channel length
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
64842	Endoscopic Aspiration Kit - 70 cm for 1.8 mm Diameter Channel	Each
64840	Endoscopic Aspiration Kit - 80 cm for 2.0 mm Diameter Channel	Each
64845	Endoscopic Aspiration Kit - 1.1 M for 2.0 mm Diameter Channel	Each
64830	Endoscopic Aspiration Kit - 1.4 M for 1.4 mm Diameter Channel	Each
64835	Endoscopic Aspiration Kit - 1.7 M for 2.6 mm Diameter Channel	Each
64838	Endoscopic Aspiration Kit - 2.4 M for 2.6 mm Diameter Channel	Each

## Endoscopic Aspiration Culture Swabs

Endoscopic swabs use an endoscope's lumen channel in completing the procedure of swabbing potentially infected areas examined via an endoscope. Secured samples are transferred onto culture media or used in other diagnostic procedures. Swab selection is based upon the endoscope length used by the practitioner.

- Designed to allow culturing through the biopsy channel
- Outer-guarded tube helps protect the central swab from contamination upon insertion
- Distal end of tube has a water-soluble plug which is pushed out before taking the sample
- Calcium alginate swabs are attached to an all stainless steel wire
- Calcium alginate fiber head for low pathogen toxicity
- Swab length easily reduced with forceps provided for transport after taking culture
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
64855	Endoscopic Culture Swab - 1.1 M for 1.8 mm Diameter Channel	Each
64850	Endoscopic Culture Swab - 1.4 M for 2.6 mm Diameter Channel	Each
64852	Endoscopic Culture Swab - 1.7 M for 2.6 mm Diameter Channel	Each
64853	Endoscopic Culture Swab - 2.4 M for 2.6 mm Diameter Channel	Each
45425	Endoscopic Culture Swab - 3.3 M for 2.6 mm Diameter Channel	Each

## Tracheal Wash Kits

### Tracheal Wash Kits

Procedural kit used to flush or wash the trachea of any animal with primary emphasis on the equine. Method can be used diagnostically or therapeutically. Choice of semi-flexible or stiff catheter.

### Tracheal & Bronchial Wash Kit with Semi-Flexible Catheter

- Suitable for both foals and mature horses
- Semi-flexible catheter with luer connector
- Sample vial
- Disposable gloves in a peel pouch
- Stainless steel introducer has 14 gauge blunt-end cannula with 16 gauge trocar catheter with wire stylet
- Catheter is 15 gauge, 24"
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
64900	Tracheal & Bronchial Wash Kit with Semi-Flexible Catheter	Each

### Tracheal Wash Kit with Stiff Catheter

- Ideal for use on mature horse
- Stiff catheter with luer connector
- Sample vial
- Disposable gloves in a peel pouch
- Stainless steel introducer has 13 gauge blunt-end cannula with 15 gauge trocar catheter
- Catheter is 14 gauge, 24"
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
64905	Tracheal Wash Kit with Stiff Catheter	Each

### Nasopharyngeal Swab

- Guarded 12" nasal swab
- Calcium alginate fiber head for low pathogen toxicity
- Rigid outer casing protects swab maintaining secure sealed package
- Individually packaged and gamma irradiated or EtO exposed

Item	Product Description	UOM
45200	Nasopharyngeal Swab	25/Bag

### Gastroscope

- Long enough for equine upper airway and guttural pouch work, as well as gastroscopy in foals and smaller horses
- 2 mm working channel for biopsy and/or foreign body removal
- Automatic air / water for easy visualization
- 4-way locking articulation for better diagnostic range
- Accessories included:
  - ◆ Biopsy Forceps (2)
  - ◆ Foreign Body Retriever
  - ◆ Cleaning Brushes (2)
  - ◆ Water Bottle
  - ◆ Light Source with Air Pump
- Compatible with all existing endoscopic cameras (need Olympus eyepiece adapter, D-OLY)

Item	Product Description	UOM
48005	Gastroscope, 8 x 1500 mm, 2.0 Channel with Light Source & Accessories	Each

### Equine Dental Endoscope

Lightweight, durable Gradient Lens rigid endoscope with 60 degree angle of view.

- EndoGRINS.E2 lens system for superb quality imaging
- Huger LED portable lightsource for bright, white illumination with rechargeable battery pack
- Eyepiece coupler for attachment to video camera
- Lens cleaner with swabs

Item	Product Description	UOM
53450	Equine Dental Endoscope	Each

## First Aid Kit

### Horse Aid™ Kit

Kit contains essential items for horse first aid emergencies:

- Horse First Aid Book
- Corona Antiseptic Ointment
- Flexible Cohesive Wrap
- Latex Tourniquet
- Saline Solution
- Iodine Prep Pads
- 3-Ply Towels
- Surgical Scrub Brush
- Scissors
- Syringe
- Hydrogen Peroxide
- Vinyl Gloves
- 4" x 4" Gauze Pads
- 6" x 9" Cold Pack
- Alcohol Prep Pads
- Thermometer

Item	Product Description	UOM
10140	Horse Aid™ Kit	Each
10201	Horse Aid™ Refill	Each

### Phoenix Wound Lavage System

- Rapid draw-off delivery system
- Simple to use, adjust, and maintain
- Provides effective lavage for wound management
- Versatile, accurate, efficient, and semi-disposable
- Lightweight, durable, and economical

Item	Product Description	UOM
40550	Phoenix Wound Lavage System	Each

### Sileum™

100% mucoid fiber material for use in gastrointestinal maintenance.

- Consists of finely ground psyllium hulls used in oral presentation to all species
- Useful in diarrhea supportive therapy for calves and foals, 1 - 3 Tablespoons per feeding
- May use with oral feeder and electrolytes
- Supplement in cases of constipation and helps maintain normal gastrointestinal motility
- Highly absorbent physical characteristics
- Used for:
  - ◆ Equine: Sand colic and other impaction forms of colic
  - ◆ Bovine: Hypo and hyper-intestinal motility
  - ◆ Porcine: Constipation post-farrowing in sows
- Maximum use per day is 0.3% of total ration
- May be used in electrolyte formulations

Item	Product Description	UOM
33040	Sileum™, 6 lb Pail	Each
33050	Sileum™, 24 lb Pail	Each

### Dur-Ever™ Measuring Cups

Graduated cups for measuring medicants into feed or medication formulas.

- Available in multiple colors
- Suited for measuring Sileum™, electrolytes, or other ingredients for topical or oral delivery
- Dishwasher safe
- Set of four includes:
  - ◆ 10 ml - 1/3 ounce
  - ◆ 30 ml - 1 ounce
  - ◆ 45 ml - 1-1/2 ounce
  - ◆ 60 ml - 2 ounce

Item	Product Description	UOM
10010NAT	Dur-Ever™ Measuring Cups, Natural, Set of 10 ml, 30 ml, 45 ml, & 60 ml	Each

## ESTROTECT™ ID

- Manufactured to maintain its color and will not lose its vibrancy in the sun or after exposure to mud or manure
- Self adhesive Leg Band lasts through all weather and living conditions
- May be applied effectively to the tail, leg / ankle, ear, bridle, saddle, or almost any place on an animal
- Available in five brilliant colors - red / orange, green, safety yellow, fuchsia, and blue

Common uses for ESTROTECT™ ID:

- ◆ Reproduction Management
- ◆ Medical Treatment
- ◆ Other Uses Requiring Marking Animals

Item	Product Description	UOM
79315	ESTROTECT™ ID Leg Band - Fuchsia, 15 Bands/Pack	Each
79330	ESTROTECT™ ID Leg Band - Fuchsia, 30 Bands/Pack	Each
Additional colors available, please contact us for more information.		

## Write-Boards™

Write-Boards™ provide an effective method of communication between staff related to patient requirements. Using Write-Boards™ allows you to create individualized messages for others to follow. Clip to stall, saddle, or tack and provide high visibility. Write-Boards™ are reusable and may be used in various ways to remind staff of details including supplies needed, clinic needs, equipment maintenance, and ultimately for promotion of high quality patient care.

- Simple, cost effective method of communication
- Reusable and visable
- Permanent black marker wipes off with alcohol
- Dry erase marker wipes off easily
- May be clipped together vertically for multiple directions / instructions

Item	Product Description	UOM
92720WH	Write-Boards™ 3" x 6" White	3/Bag
92720YL	Write-Boards™ 3" x 6" Yellow	3/Bag

# Wrapid-CUT™

- Unique and specially designed cutting instrument used to cut and remove bandages on hooves or any wrapped appendage
- Saves time and reduces the risk of injury to the bandaged patient
- Recessed cutting blade, enclosed within a guarded frame, allows user to slide the instrument under a bandaged hoof and safely cut the bandage
- Durable handle grip contoured for comfort and ease of use
- Handle features a guard extending the length of the instrument providing separation of the user from the cutting edge of the instrument
- Manufactured of durable plastic with the blade securely insert-molded into the handle
- Many additional uses including the removal of matted fur on dogs and cats, efficient use in large animal surgeries, routine package / bag opening, or other applications requiring safe and effective cutting
- Patent pending globally

Item	Product Description	UOM
38500	Wrapid-CUT™	Each

## Watson Twitch

The Watson Twitch does not work on the principle of pain. Instead, the application of the Watson Twitch to the horse's upper lip causes nerves to release endorphins causing a natural calming agent. The instrument is unique and simple to use.

- Stainless steel construction
- Vinyl covered tips and handles
- Diverts the horse's attention from pain caused elsewhere during the course of treatment

Item	Product Description	UOM
17400	Watson Twitch	Each
45010	Watson Twitch Ring	Each

## Palm Grip™

### Palm Grip™

The rugged Palm Grip™ is manufactured using high quality materials and is designed for longevity. It is made from a combination of machined and cast metal components with plastic molded grips on the instrument body and trigger. Ergonomically designed to fit comfortably in the hand. Its upward piston design and trigger stroke offer less stress to the hand and wrist.

- Accurate, multi-dose vaccinator
- Simple maintenance and minimal replacement parts
- Easy to disassemble and clean
- Available in dose adjustable models; 1 ml and 5 ml
- Luer lock tip fits all needles globally
- 20 mm or 30 mm vented draw-off spike with 1 meter of tubing

Item	Product Description	UOM
73500	Palm Grip™ Multi-Dose Vaccinator, 0.1 - 1.0 ml	Each
73505	Palm Grip™ Multi-Dose Vaccinator, 1 - 5 ml	Each

### Looking for additional Instruments?

MAI Animal Health offers a vast array of large animal instruments including Select Doser™, Pow'r Doser™, LectraVet™, Bolus guns, and many more!

## Oral Pump It™

The Oral Pump It™ is a refillable, fixed dose automatic syringe system that can be used to deliver liquid products for oral or topical administration. This low cost, high value semi-disposable instrument distinguishes itself from other syringes due to its versatility and small, palm-held configuration with short trigger stroke for ease in dose administration.

The Oral Pump It™ threads directly onto a plastic, glass, or aluminum screw top bottle with neck sizes of 28 mm and 38 mm, offered with 1.45" oral trigger nozzle.

- Fixed dose, automatic, and rapid delivery system
- Ideal oral delivery system for oral medicants, nutritionals, or supplements
- May also be used to administer topical medicants
- Semi-disposable system with superior ergonomics
- Commercially available with a 1.45" oral trigger nozzle
- May be used upright or inverted
- Includes 180 ml bottle with draw-up stem; amber bottles available upon request
- Available in fixed dosage sizes; 5 ml and 10 ml
- **We have the ability to manufacture any neck finish you may need, depending on quantity**

Item	Product Description	UOM
<b>Oral Pump It™ 38 mm Neck Finish</b>		
73155	Oral Pump It™ 5 ml with 1.45" Trigger & 38 mm Neck Finish	Each
73168	Oral Pump It™ 10 ml with 1.45" Trigger & 38 mm Neck Finish	Each
<b>Oral Pump It™ 28 mm Neck Finish</b>		
73157	Oral Pump It™ 5 ml with 1.45" Trigger & 28 mm Neck Finish	Each
73167	Oral Pump It™ 10 ml with 1.45" Trigger & 28 mm Neck Finish	Each
<b>Additional threaded neck sizes and fixed dose delivery volumes available. Please contact us for more information.</b>

## Pro-Ject™ 3-Piece Syringes

### Pro-Ject™ 3-Piece Syringes

- Large diameter and a short stroke to fit a small hand
- Large finger grips and thumb pad
- End tips are stronger than most competitive products
- Screen printed graduation markings do not rub off
- Non-toxic, non-pyrogenic, and non-embryocidal
- Individually packaged and gamma irradiated
- Single use item
- Oral tip syringes are non-sterile

### Pro-Ject™ 3-Piece Syringes - Luer Slip Tip

Item	Product Description	UOM
60220	Pro-Ject™ 3-Piece Syringe, Luer Slip Tip, 15 cc, Gamma Irradiated	100/Box
60240	Pro-Ject™ 3-Piece Syringe, Luer Slip Tip, 35 cc, Gamma Irradiated	50/Box
60250	Pro-Ject™ 3-Piece Syringe, Luer Slip Tip, 60 cc, Gamma Irradiated	25/Box
60260	Pro-Ject™ 3-Piece Syringe, Luer Slip Tip, 80 cc, Gamma Irradiated	25/Box
60270	Pro-Ject™ 3-Piece Syringe, Luer Slip Tip, 100 cc, Gamma Irradiated	25/Box

### Pro-Ject™ 3-Piece Syringes - Luer Lock Tip

Item	Product Description	UOM
60221	Pro-Ject™ 3-Piece Syringe, Luer Lock Tip, 15 cc, Gamma Irradiated	100/Box
60241	Pro-Ject™ 3-Piece Syringe, Luer Lock Tip, 35 cc, Gamma Irradiated	50/Box
60251	Pro-Ject™ 3-Piece Syringe, Luer Lock Tip, 60 cc, Gamma Irradiated	25/Box
60261	Pro-Ject™ 3-Piece Syringe, Luer Lock Tip, 80 cc, Gamma Irradiated	25/Box
60271	Pro-Ject™ 3-Piece Syringe, Luer Lock Tip, 100 cc, Gamma Irradiated	25/Box

### Pro-Ject™ 3-Piece Syringes - Oral or Foley Tip

Item	Product Description	UOM
60222	Pro-Ject™ 3-Piece Syringe, Oral or Foley Tip, 15 cc	100/Box
60242	Pro-Ject™ 3-Piece Syringe, Oral or Foley Tip, 35 cc	50/Box
60252	Pro-Ject™ 3-Piece Syringe, Oral or Foley Tip, 60 cc	25/Box
60262	Pro-Ject™ 3-Piece Syringe, Oral or Foley Tip, 80 cc	25/Box
60272	Pro-Ject™ 3-Piece Syringe, Oral or Foley Tip, 100 cc	25/Box

### Syringe Caps

Syringe Caps attach to syringe tip to allow for safe transport and/or dispensing of medication.

### Caps for Luer Slip Tip Syringes

Item	Product Description	UOM
02204	Cap for Luer Slip Tip Syringe	1,000/Bag
02205	Cap for Luer Slip Tip Syringe	500/Vial
02206	Cap for Luer Slip Tip Syringe	100/Vial

### Caps for Luer Lock Tip Syringes

Item	Product Description	UOM
02201	Cap for Luer Lock Tip Syringe	1,000/Bag
02202	Cap for Luer Lock Tip Syringe	500/Vial
02203	Cap for Luer Lock Tip Syringe	100/Vial

### Caps for Oral or Foley Tip Syringes

Item	Product Description	UOM
60807	Cap for Oral or Foley Tip Syringe	1,000/Bag
60808	Cap for Oral or Foley Tip Syringe	500/Vial
60809	Cap for Oral or Foley Tip Syringe	100/Vial

Featuring:

NEW

## De-MaX III Reciprocating Float

Handle rotates  
to 3 different  
angles

De-MaX III Reciprocating Float is the replacement product for the well received Mini Mac II which has been offered for years. With the Makita® reciprocating system being discontinued by the manufacturer, we chose to establish a new reliable and improved reciprocating system utilizing DeWalt® technology.

See page 21  
for more information.

## Wrapid CUT™

Unique and specially designed cutting instrument used to cut and remove bandages on hooves or any wrapped appendage.

Multiple Uses:

- Removal of matted fur on dogs and cats
- Routine package or bag opening
- Any other application requiring safe and effective cutting
