Dear Sir,

We wish to express our sincere appreciation for the way you pursued our case, with respect to removing defamatory and fraudulent information from publicly available internet locations such as Google & Facebook.

There was a considerable process which you and your dedicated team followed with dogged persistence and on every occasion, you went over and beyond to ensure our interests were served.

It is our position that your company provided a valuable and much needed recourse for business to remove a lot of verbal graffiti, posted by those of poor credibility.

We have no hesitation in recommending your services to those who seek assistance in this regard.

Sincerely,

Terry Godde
